

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

Into the crucible goes the constitution, by a president who has total disregard for our laws and rights. Just the flick of his Bic and the king sends out his edict as if it was handed down to him by the Almighty to rule! And now, with our newly empowered Pretorian Secret Service, who is going to stop him? Did we just see a coup of the American government with the backing of our own congress? Are they just going through the motions, making us all believe they have our best interests at heart? They already armed D.C. to the teeth and anyone who comes in is suspect, the minute you cross the Potomac River! Isn't it amazing? I'm more and more flabbergasted every day at the audacity of our so-called elected officials. No one, I mean no one, needs this kind of power, unless he is sure that we are totally screwed!

Personally speaking, they should all be under arrest and sitting in a cell, awaiting arraignment. That is exactly what they can and will do to any one of us, if so desired by Mr. Obama-Pie and his entourage. Can you imagine Nancy P. using her newly empowered Pretorian guard? "Off with their heads!" I mean, what next - public "on-the-spot" executions? Now they have a whole new army of illegal immigrants to vote for them, just waiting in the wings! Waiting to come of age. Their parents will show their gratitude by bringing more illegal friends and family here to have more illegal voters for us... the people who live here, have to pay out the wazzoo to support their ingratitude - for supporting them and their future illegal Democrat voter children.

But, the king has decreed it so. Why he has even given himself our fleet of presidential air craft... not to mention our money for personal campaigning and vacationing! "Ah," what a life! Think of the emperors of Rome, if they had this kind of power in their day, with our technologies... what a

world we would live in and with the Emperor and Empress Obama at the helm! He would be able to just have us thrown to animals in the arena for speaking out. After all, this entire government is acting like aristocrats; why not get this train going and just declare the United States an autonomy and lets get the rebellion in full swing! We, as free citizens, need our Constitution and our Bill of Rights if we are going to survive in this nasty, corrupt world! Our enemies are getting in line like vultures on a high line waiting for the right time.

But a Constitution of Government once changed from Freedom, can never be restored. Liberty, once lost, is lost forever.
John Adams

A feeble executive implies a feeble execution of the government. A feeble execution is but another phrase for a bad execution; and a government ill executed, whatever may be its theory, must be, in practice, a bad government.
Alexander Hamilton

He that would make his own liberty secure, must guard even his enemy from oppression; for if he violates this duty, he establishes a precedent that will reach to himself.
Thomas Paine

Even Putin wouldn't look the Emperor in the eye, because he has been and is looking for another opportunity to stab us in the back. Now is the time, with this weak idiot on the throne in the presidential palace in D.C.. Our economy and now our lives are on the line. These people need to go.

Our power as the people of this nation shall be restored to lawful enforcement of the documents we, as Americans, should hold dearest to our hearts and minds, for they ensure our freedom from any who would try exactly what this so-called president is up to.

This old Reb and his horse are thirsty, and the water here is red with blood and not fit to drink. The dead and dying are everywhere! Got to find a fresh stream.

See you on the bridge!

P.S. The Roman empire wasn't built in a day, but it didn't take near as long to tear it down! Hannibal is in the gate! Ivan the Terrible is waiting his turn! Genghis Kahn is knocking on

the back door!

P.S.S. time to learn how to kneel! Which will be difficult for this old Reb! I kneel to no man or would-be king!
