

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Well, there is a lot going on! The states of North Carolina and Alabama finally completely capitulate to the North and the blacks by kissing their asses and taking down the battle flag for which a million young men gave everything for! And it is all motivated by a shooting in North Carolina... by another product of a Democrap family!

So far, all the mass shootings in this country were perpetrated by Democraps. And now Obama-pie wants you to think that these Democraps represent the southern stars and bars. Actually, all this is because of weak politicians like the blue clad kiss-up governor of North Carolina. I just wonder how many times she slept with the Democrap politicians to become a traitor.

I, personally, have decided to buy a Rebel flag and raise it high enough my relatives, who fought for it, can see it! The north is still waging war on us in the south... still trying to destroy our economy, our lands and our lives! When they invaded our country, they had no intension whatsoever of freeing the blacks, and they have proved it by keeping them ignorant and enslaved to their so-called social programs, while allowing them to murder, steal and riot!

It just so happens that Robert E. Lee is in my family tree, along with several others who fought for him, for his country—not for slavery. Like I said, the Yankees did not free theirs when the south had to suck it up at bayonet point. Then they re-enslaved the blacks with Jim Crow laws, which was designed by northern politicians.

You see, Obama, the Jessie Jacksons, want that flag down. I'll tell you what, they will take my flag down only after they have killed me for it. You see, this is how liars and thieves wage war on the people of our country... by going after everything that offends them (which is our heritage, including white people anywhere, any time). Weak politicians like the governors of Alabama and North Carolina are the problem. I'm sure they can spell Obama; can they spell courage? I doubt! Since they have none!

I live in Dixie! Where do you live?! New York? Chicago? Boston? D.C.? My mother was born in Dixie. So I, too, shall make

my stand and live and die in Dixie!! To all of you out there, who were born here, I say get yourselves new and broadly flying Confederate flags and fly them high. Pass the word: it's time for the battle flag of the south to shine over her once again. Remember, I am born of Rebels and I am ready to fight another king or potentate at the drop of a hat! It's a bonnie thing for us Scots and Norwegians, for rebellion is our national pastime!!!

Time for this Reb to ride again. We found our men walking back, barefooted and in their long johns. It seems a group of fun loving Osages took everything and left them at the mercy of the elements. They are lucky men! They said a brave called Red Bonnet thought it would be more cruel than killing them.

Besides, they were both bald, and not worth scalping!

See you on the bridge!

P.S. Where do your loyalties lie? Do you have family who have died fighting tyrants? They did it for you. Do

you not believe each and every one of them would rather have died after a long life, in their beds? Instead, they withstood the volley, they withstood the terror of the shells, starvation, sickness, death... in places where no man should die in. And now, one hundred and fifty years later, a bunch of cowardly collusionists want to finish the job. I say, "Bring it on, Yankee lovers! Bring it on. My flag flies high." The flag I was born under and the flag my family fought and died for a century and a half ago. After all, the Yankees slaughtered the south and then the same Yankees went west to slaughter the people who lived there. They just can't stop themselves, I guess! Once a murderer, always a murderer. "A," Sheridan?" "A," Hillary?

P.S.P.S. A man called me not to long ago, leaving no number and said if we didn't call him back, he'd be very disappointed. Well, I'm sorry, but the world is full of disappointment... try again! You might leave a relevant number and we will try not to disappoint you!

Oh, by the way, the governor of Ohio, a Yankee, also wants our battle flag buried. To that Democrap I say, "Go suck eggs, you Democrap Jim Crow Slaver!!! This Reb is mad as hell!!

Are you?
