## GOVERNMENT ANTAGONIST AND HUGUENOT

Maxine Waters stuck both feet down her own throat. You see, these Democraps like her can't help but self destruct. She is being censured and, like Al Frankenstein, has been cordially invited to resign.

My god, what a bunch of Weiners! These radical Democraps are so corrupt and so full of hate. Have you noticed the corrupt media has completely cut off publicity of it? It's ok for a black racist bigot to say anything she wants... as a Democrap. While the rest of us are tracked down and delt with. After all, it is sedition to speak out against what they do.

They have tried to turn our attention with the ousting of Scott Pruitt. He is a lawyer, so what did you expect?

Let's see about how the appointment for Judge Kavanaugh comes along. Schumer will never be happy with anyone we put up to fill offices. He is and always will be a scum licking treasonous Democrap and that is all he will ever be.

Time for this old Reb to ride. We crossed the Red river and made it into the territories. Lost a man crossing. He couldn't swim and we couldn't get to him in time. We are being trailed by a group of Comanches.

Mr. Harris is a pretty good cook. Had a thing called spotted

dick. I hope that was the last of that! I think I prefer beans and hard tac!

See you on the bridge!

P.S. Good to see those kids and their coach out of that cave! Those boys had courage and rode out a hell of an ordeal. My hat is off. And I salute the Thai Navy Seal, Saman Gunan,

who gave his life to save others. He stands now with the most loved by our creator!

P.S.P.S. Mrs. Reb speaks again!

Finally! Trump stands up to NATO. For years and years the U.S. has footed the bill for European defense. Pretty much the whole thing. Why else do you think most of these countries can afford their luxurious state paid health insurance programs? Because their defense spending is miniscule compared to what we Americans spend for THEIR defense. And Germany expects us to stand and defend them against... let's see... Russia. But wait. Germany is

doing massive amounts of business with Russia, so why in the blazes are we spending our hard earned money on them? Time for the Europeans to stand up on their own two feet. How can we fix what is wrong with funding issues in our own country when we throw millions at those who take it for granted, so they can be pampered?

American Defense Spending  
11.2% of overall expenditures

American Defense Spending  
\$610 Billion

European Defense Spending  
3.2% of overall expenditures

Defense Spending of China, Russia, Saudi Arabia,  
India, France, UK & Japan Combined:  
\$578 Billion

German Defense Spending  
\$44.3 Billion
