## GOVERNMENT ANTAGONIST AND HUGUENOT

On this deal about all these refugee children. Obama's spokesman says these children shouldn't be handed over to strangers who could well be criminals HA! HA! HA! Obama is one of the biggest criminals in North America!

I have never, in my life, seen so much incompetent complacency! If I didn't know that is' all being orchestrated by the usurper and his minions, I'd think them to all be mentally ill! But, far be it from that.

Obama and his allies are cold and calculating with everything they do, right out of the manifesto play book. Divide and conquer! Keep us chasing in all directions while he undermines our sovereignty by opening our borders to anyone who wishes to get into our country as easy as pie! God only knows what kind of diseases they bring. Not to mention all the young outlaws that are included in those three hundred thousand invaders. People in Texas and elsewhere are standing their ground and saying, "No." We need to all stand our ground and say, "No," and "Hell no," again!

Obama wouldn't even go to the border to see his work... and John "Pretty Boy" Kerry just plays Kum-by-yah for the Chi-coms on his little boy man guitar! My god, these fools are running us into the ground and if we don't stop them, we'll all be screwed. This idiot wants us to give

him three billion dollars, he says for the care of the invaders (*I've got news for you: that three billion would go everywhere amongst his cronies and those kids would never see a dime!*)

This so-called President has ignored all of our laws and now wields imperial powers like a magic wand. Our constitution means absolutely nothing to this socialist usurper.

Look at them, scandal after scandal, lie after lie, and we take the brunt of his follies De Burger Big Mac!! The so-called law suites filed by Boehner are meaningless as well! Obama has already blown it off. So, how do you like living under a dictator?

Time to ride. The old Reb has to check our defenses and report back to the General. Don't want to be overrun in the middle of the night.

See you on the bridge!

P.S. And the barbarians swept down from the Rhine, defeating all the armies of Rome herself... she could not be saved. Rome was sacked and burned because of a lack of leadership! We may be privileged to a re-enactment of it's destruction. Welcome to history 101!

History repeats itself when vigilance is thrown to the wind, and

cowardice replaces wisdom.  
Our Rio Grande, Our Rhine!

History, in general, only informs us what bad government is.

- Thomas Jefferson

However [political parties] may now and then answer popular ends, they are likely in the course of time and things, to become potent engines, by which cunning, ambitious, and unprincipled men will be enabled to subvert the power of the people and to usurp for themselves the reins of government, destroying afterwards the very engines which have lifted them to unjust dominion. - George Washington

I place economy among the first and most important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence, we must not let our rulers load us with perpetual debt. If we run into such debts, we must be taxed in our meat and drink, in our necessities and in our comforts, in our labor and in our amusements.

If we can prevent the government from wasting the labor of the people, under the pretense of caring for them, they will be happy.

- Thomas Jefferson
