

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

The little boy deity helped to celebrate our 4th of July festivities by sending up his own contribution to the fireworks... a bright, shiny new ICBM! Trump has responded by saying thanks with a squadron of aircraft and the testing of our missile defense systems!

Bravo!

Now, all we need to have is the Democraps to actually contribute something useful and the Republicans to stop cowering down and do what we sent them there to do! That is straighten out the mess that Obama the incompetent left in his dictator wake! And, as predicted, there is no Russian smoking gun. It was all manufactured by Obama, Hillary and the media to cover up their corrupt criminal activities - which they are still carrying on with.

They think they can perform a coup on our government without firing a shot. Smoke and mirrors! If you watch the magicians hands, you'll never see what is really going on. Houdini has nothing on the Democraps. They make Penn and Teller look like amateurs.

Time for this old Reb to ride. We took our young guest for a ride to find daddy, which didn't take long, because they hadn't gone far. We not only found Pa, but his brothers, uncles and cousins—there must be close to a hundred. This is not comfortable! As we rode forward, a few Kiowa came to greet us! What do you think, corporal?

"I think, captain, it's too late to run." Asked the Bar-T vaquero to tell them why we are here, that we only wish to return this boy to his people and to parley—to which they agreed.

We told them that we have seen enough blood to fill many lifetimes. That we had seen men as many as his tribe cut down in a single morning. They did not believe that such a thing was possible.

Then I said we are here because the blue coats had swept through the east, destroying everything in their path, like a whirlwind, ripping up trees and all it encounters. And it's coming for them now.

We only want to live in peace, enough blood, enough!

They listened in silence and maybe also in horror as I described the river of blood and the horrible battles. They took the boy and told us to go home. We watched as they rode slowly away, some looking back at us!

"They are a magnificent bunch, captain."

"Aren't they so, corporal... aren't they so?!"

See you on the bridge!

P.S. All this crap about Trump Jr. is just that. Crap. Republicans stand your ground or become peasants under the heel of Democraps forever!

P.S.P.S. Our elected officials have forgotten why we elected them. We told them to go to DC and clean up the mess. Instead, they went there and joined the problem. I'm referring to Lankford, holding hands with Graham and McCain and McConnell. They are part of the problem and not the solution. So, time to pressure this woosie we sent north. Stand up and fight, Mr. Lankford. Stop making this old Reb regret his vote for you. Call him and tell him who he works for!! It ain't for himself!!!!
