

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Straight from the jackass's mouth, himself. Joe Bite-me said, in front of the whole world & god, "There is no pandemic!" Quote! So, all you foolish Democraps go ahead and continue to be stupid... follow an administration that has no vision for our country, along with having no clue whatsoever! Not to mention that old Joe thinks that #11 (Xi = XI) has the right idea. There can only be one world leader. It's no wonder the Ass is their party mascot, "A?" The elephants that are "Republicans" are being poached and all their "ivory" stolen by Pelosi and Schumeroid. They are cowering in all directions. So, once again, the question has come up... "Who is in charge?" It's like sending a signal into space, "Is there anyone out there? Are we alone?" Talk about a mari-onette show!

Trump is not letting up. He is still out there, with record rallies and old Joe can barely draw flies! The fight is not over and should not, until every one of the criminals who are now usurping our country's power and our entire GNP are sitting on trial themselves!

As far as Dr. Fauci the ghou (aka Fau Chi) goes, this is his FUBAR. Make him clean it up himself, then drop kick his burro to China and tell him to kiss off!!!

Liz Chaney is a token Republican on Pelosi's panel of twits, who are supposedly investigating the January protest against corrupt election usurpation, all run by Pelosi and Schumeroid in their illegal take over of our government.

And here is a message to our politicians, the Capitol belongs to us and we, the people can do with it as we damn well please!!! So, suck on that political lollipop!! "A?" It's called "We the People!!!"

Time for this old Reb to ride.

"Mr. Harris, those are definitely Comanches, and they are stopping just about two hundred yards from us."

"Aye, Captain! They have a couple of captives with them. They look to be army troopers. The braves are not wearing war paint. I think they know we are here... they see our trail to the rocks!"

"There's a dozen coming this way, slow! Mr. Colby, Mr. Harris and you other boys hold your fire. They stopped and are calling to us to show ourselves! Mr. Harris, how about you and I have an adventure?"

"Bloody well got nothing else to do today, Captain. Let's put our best boot forward!"

"Right, Mr. Harris! This Comanche speaks good English. His name is White Bear, and he has heard of us from his Kiowa cousin, Tall Elk and has trust in us! They were fired on by these

troopers and fought back, killing three others and taking these two prisoner, along with this pouch. They just want to rid themselves of these two men and ride off to their hunt!"

"Captain, this pouch says U.S. on it, and it's full of money!"

"I'll bet the army will be glad to see these boys! Mr. Harris, give these Comanches some bacon and tobacco." Then, "We thank you, friend!"

"That was close!"

"What do we do with these deserters?"

Well, Captain, you gave them our bacon and tobacco; I suppose we could eat them and smoke the left overs!"

"Hilarious, Mr. Harris! Just hilarious!"

See you on the bridge!

P.S. I'm surprised I'm not under investigation for insurrection, since it happened on this old Reb's birthday. What a cool birthday party! That was too short and sweet. I was just about to get my sixth shot when it all stopped, so tell Pelosi she owes me a bottle of Vodka from her private stock, or I'll have whatever the hell she's been drinking!

P.S.P.S. St. John Ascension has announced that all employees are forced to take the shot! An experimental jab that is clearly not safe and doesn't work.

Pandemic in Perspective

Spanish Flu 1918

500 million infected

50 million deaths

195,000 American deaths in

October 1918 alone

Black Plague of the 1300's

200 million dead

1/2 the population of

Europe and Asia

Covid deaths world wide 4,180,770
