

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

“Well! Well! Well!” Riots in Ferguson again, so, what’s new? The same-o same-o. It’s all about the blacks having the right to destroy, steal and kill because they are all little thugs that think it’s their right! They open fire on cops and then run like the little turds they are. And, again, the powers in the gooberment do nothing to stop it. Chaos and anarchy. Right out of the Communist play book. I have suggested that those who have not read Marx should do so. It’s called “know your enemy!” By the way, it’s Karl Marx and Friederic Engles, not just Marx! He was the co-writer of the Communist Manifesto. The funniest thing about this is that those being led around by their noses are not literate enough to read it, or even to decipher what they are reading. So their brighter counterparts (Obama, Rev. White, Harry Reid) use them, because they are “estupid,” to destroy our constitution, stomp on our flag and our heritage... while sending our children into harm’s way with their incompetent policies and deals behind closed doors. This latest deal with Iran is no deal! It’s complete capitulation by our brave defenders – Obama and scary Kerry, who are both criminals and liars! Total cowardice is incorporated with complete incompetence... what a perfect combination. And those morons that are rioting will, through their imbecility, try to elect Hillary to office. Then we can add to our folly a murderess in the Oval Office. Why don’t we just empty out our prisons and put the inmates of Reno and other fine Lie-yeer banking institutions in charge? What would the difference be? There would still be chaos, anarchy and complete indifference as to the business of our country and the murder of anyone who gets in the way. Ah! Hillary’s world! How many more Benghazi’s do you think are still up her sleeve? As far as our new GOP candydates are concerned, this old Reb sees the same woosie politicians that are already engaged in our debacle of national suicide! I don’t see the Trump going all the way, and Firona and the Doc are the only other possible choices. All I

Better fare hard with good men than feast it with bad.

Thomas Paine

have to say is you have a better chance of picking the next Triple Crown winner than picking the winner of this race for position to become the Republican candydate for our next coward in office.

Time to ride. This old Reb and his crew are still sinking poles and stringing telegraph wire across the prairie. Seems our feathered friends called on us in the night. Three horses seemed to wander off, even after being hobbled!

See you on the bridge!

P.S. The old Reb was driving through a small northeast Oklahoma town this last weekend and, low and behold, out in the middle of the local cemetery stood the battle flag of the South...

flying in the open as if some old Reb did a double back flip and raised the flag, as if to say, “We are only dead, not gone! We are watching you! Stand the volley and volley back at ‘em! What’s wrong with you... stand and fight! Stand your ground! We did!!!”

P.S.P.S. About these two little psychos, the Bevers: the people of Tulsa, the county, the state are about to be robbed blind and bent over by the Lie-yers to the tune of millions for a monkey trial for God only knows why... to try these two for their little hacking and stabbing rampage that left most of their family dead. They are guilty as hell and we, the people, are going to foot the bill to take care of one for at least seventeen years, before the Lie-yers let the state spend another five or so grand to execute the oldest one...and then we have to coddle and take care of the other one for the rest of his life! Why? It’s time to do what’s right, and that is to tell the Lie-yers to suck it up and hang their little asses as high as needed to get the job done! Millions of dollars for the Lie-yers! The trial shouldn’t last five minutes. It should take longer to drag their carcasses to a tree big enough to “do it to ‘em!”
