## GOVERNMENT ANTAGONIST AND HUGUENOT

Great Caesar's ghost! The F.B.I. has raided Donald Trump's home in Mara Largo Florida. The home and property of a President of the United States. If this is not treason, what is? This is not done! Period! If you are not outraged,, then you must be a democrap, or just ignorant. The nerve, the rampant usurpation. I can't believe all the criminality... and no one is even trying to stop it with any real effort. Especially not by "the Turtle" McConnell himself.

You want to know what persecution is? Well, just watch the democraps as they break every one of our laws and rights. This has got to stop! Trump is the legally elected President of this country and Biden is the criminal! His whole entourage is guilty of the theft of our government.

Mullins and Lankford need to step up to the batter's box, along with the rest of the Republicans. What the hell are they waiting on? Our Founding Fathers are doing double back flips in their graves. I am almost speechless, ladies and gentlemen!

If anyone needed to be raided, it's Hillary and Billary, Nancy PP and Chuck Schumeroid! Outlaws, each and every one of them! The judge who signed the orders for the Federal Bureau of Inquisition worked for Epstein. You know, Billie's little pedophile friend who turned up magically dead in his cell!

So, are we supposed to wake up with our country magically usurped and do nothing to stop it?! Are we going quietly into the night? Outrage! Outrage!!!!

Time for this old Reb to ride.

"Caught a horse thief, Cap!"

"Where is he?"

"Well, that's the problem! Our thief is a girl!"

"A girl, Mr. Harris?!"

"Aye, Captain. A wee lass, all of fourteen! She is over with the men that caught her!"

"What is your name, girl?"

"She won't say, Captain!"

"Get Rhea and bring her over here, Mr. Harris!"

"What do you want my horse for, girl? Rhea, ask her her name."

"She won't talk to us! I'm going to take her up to the house, Cap! She looks starved!"

"Well, Mr. Harris, I don't think we are going to hang this thief!"

"No, Captain, I guess not!"

See you on the bridge!

### THE FBI HAS REVEALED THEIR NEW FALL COLLECTION UNIFORMS

P.S The Chinese didn't shoot Nancy PP down! I guess they were so flabbergasted with seeing pigs fly, they choked up and forgot to pull the trigger! "A?"

And to top it all off, the Ruskie's have mined the nuclear plant in the Ukrain, saying that if they can't keep it, no one can have it. That's all the world needs, another nuke waiting to happen, as if we don't have enough nuke disasters in the world already!

And, oh, yea! The Iranians are building nukes again. Like they ever stopped! Why not? Uncle

Joe gave them millions and millions of dollars. They need to spend it on something.

P.S.P.S. "Ole Joe" throws billions more at a rat hole he and his have created, called the Ukraine. At the same time depleting our reserve weapons to create another bloody stalemate and years of conflict. I've never seen so much treason in my life! Our country cannot sustain the continued incompetence and failures from the illegal regime which has taken over.

It is becoming clear the hiring of 87,000 I.R.S. agents is preposterous. The new Gestapo, Stazi, if you will.

Ask yourself, why so many? It's sure as heck not to investigate the thievery of our economy by the democrap party! Just think. Elections are just around the corner and the democommies are just getting wound up!
