

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Right in the middle of the corona virus crisis, anarchy and chaos right out of the Communist playbook! The Democraps are using all of this as an opportunity to destroy Trump's presidency and bring down our Bill of Rights and Constitution—all at the same time.

People are scared! I was in a gun shop in Tulsa recently. Normally, I've never seen more than a few people at a time in the gun room. There must have been twenty five people in there buying guns! I visited three gun shops that day and gun sales were out the roof!

Make no mistake, these leftists are just getting started. I even bought myself some more ammo and a magazine pouch. This Reb is a firm believer in the Second Amendment! I also believe in the First Amendment as well!

But rioting and destruction of businesses by burning and looting is crossing the line of no return. What the hell? Have these militant rioters just lived with mommy and daddy until they inherit the house?

We patriots must stand up and say, "You're no longer going to do this and that's that!!! We may be standing on the bridge right now. I feel sorry about the death of Mr. Floyd, but to use his death as an excuse to further the leftist's agenda is criminal!

Trump is under constant attack by Nancy PP and Chuck Schumeroid, who (by the way) threatened revolution if the don't get what they want. I believe the revolution has already started, as it was planned by the D.N.C.

My god, some one blew up the D.N.C. mistaking it for a black Marxist organization!!!

Time for this old Reb to ride.

"There seems to be a man with an elephant. So, Mr. Harris, how shall we deal with Kiowas and an elephant on the Texas

plains?"

"Let me handle this, Captain. I've had a bit of experience with this sort of thing!"

"By all means, Mr. Harris."

"My name is Sargent Harris of His Majesty's Royal Fusiliers. Report, beastie!"

"To be sure, Sargent. My name is Private Jimi Kahn, formerly if His Majesty's Royal Beasties of the 4th Regiment Expeditionary forces! "

"I knew it, Captain! A displaced East Indian elephant trainer and handler!"

"What shall we do with them, Mr. Harris?"

"I guess take them back to the ranch and sort it out! Look! Tall Elk and his warriors have disappeared!"

"You know, Mr. Harris, I like that Kio-

wa."

"Aye, Captain. That's a benevolent man! So, tell us, Jimi Kahn, how can we help you?"

See you on the bridge!

P.S. The universe. All space everywhere, going forever. Zillions of galaxies. Zillions of planets in each one around zillions of stars. And we can't agree to get along in this one area on this one tiny planet.

P.S.P.S. The Real War We Are In: 1) *Demoralization*: destroy American values (done); 2) *Destabilization*: physical attack of all opposition (this is where we are right now!); 3) *Crisis*: Revolutionary change of power; 4) *Normalization*: The useful anarchist idiots—those who fight for the promised utopia—will get squashed like bugs once those orchestrating everything gain the power they want so dearly. Once Hitler was done with his useful idiots, the "Night of the Long Knives" took care of the anarchists he had used so very well. Define Bolshevik.

NIGHT OF THE LONG KNIVES

Hiller used "Brownshirts" Nazis to attain power in the early 1930's with anarchy and chaos. In 1934 he had total power and in that fateful night, more than 150 were murdered and hundreds arrested. His anarchists were no longer needed. So, they went away. Permanently.
