

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

The Rebel screams! Get your cotton-picking hands off our monuments to our dead and now defenseless relatives, you damned Democrap commies!! I have seen enough! Here we are, a full century and a half since so-called hostilities supposedly have ceased. Outrageous! Hillary and Obama are paying for this! They are continuing their treason against us, trying to tear our country apart one treason after another. It will never end, until they are tried and jailed as they should be.

This is socialism at its best. Our collaborative and collusive bar association helps it along and does nothing to stop it... and looks the other way because they think they will rule over us with their own vision of a new socialistic America, where we live as peasants while they erase our history and make our children stupid.

I have taken personal insult to all of this because I, the old Rebel, am related to Robert E Lee. This is my family, being attacked. How would you feel if someone kicked over your relative's head stone? "A?"

I remember when Elvis Presley's mother passed away. They put her in Bellevue Cemetery in Memphis. As a result, Elvis' fans were trampling every grave around to get to hers. Those trampled included my grandfather and grandmother, my uncle and others. After law suits were filed, they moved her, but the damage by the brainless was already done. We must stop any further incursions, even if it means blood most run in the streets!!!

Time for this old Reb to ride.

We are rebuilding the ranch house. Those Kiowas did a good job. There wasn't a board that wasn't burned to a crisp. It reminded me of home, after the Yankees came through. What they didn't steal, the burned or killed! They were very thorough! Yankees waged war on soldier and civilian alike. I heard they tarred and feathered a couple of carpet baggers the other day, then ran them out of town in the direction

those Kiowas went last.

See you on the bridge!

P.S. When the blue-coats came through where my Great Great Grandmother Lee lived, she had to hide the meat from a pig she had killed (with her sewing scissors) in the well, or the Yankees would have taken it and left them to starve. The left wingers are the same kind of scum as the Northern invaders were then!! If you were born in the South, stand up and fight! There are a

few Lincoln-the-usurper monuments that need to be removed as well. "A?"

P.S.P.S. I was listening to Rush the other day and he stated that 500,000 lives were lost during the War of the Secession. In fact, it was closer to two million on both sides, combined. I would suspect that also includes civilians as well. Remember... in the big battles, such as Shiloh, nearly thirty thousand combined died there in the first big battle of the war... which was a direct result of Lincoln's second emancipation signing!! The North didn't let their slaves go until after the war!!! Then passed the Jim Crow Law and created the KKK!
