

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Isn't it interesting that our outlaw regime has called the Oath Takers an outlaw organization? Cowards and treasonous liars calling patriots and people of courageous backgrounds outlaws. Not to mention the things that the regime says about the people protecting them— calling them pigs and God knows what else. Why the men and women of the Secret Service put up with the continued humiliation, I don't know. I can say this... I wouldn't take a bullet for any of those SOB's; they are not worthy. Nor are they worthy of our compassion, if and when one of our illustrious rulers bites the bullet!

The battle lines become clearer each and every day. Soon now, when you hear what sounds like the clap of thunder, it will actually be the sounds of battle. With the increasing attacks by those few in our illegal government on our lives, our heritage, our very existence as a free people., the day of reckoning grows ever closer.

With Ferguson as a continually festering carbuncle on American's carcass. Think about this: if Hillary-Dillary-doc gets elected, it will be as if we traded Nero for Caligula! She is the worst of the worst, totally corrupt with no conscience, no emotion as to the trail of destruction she leaves behind. If you or I had done what she has done—by erasing evidence subpoenaed by a legal court—we would be sitting in a cell with the key thrown in the river!!

Our politicians have put themselves above the law of the land and declared those of us who stand up and question what is going on "enemies of the state," "outlaws."

Welcome, friends, to "1984!" The world of Stalin! The world of Adolf Hitler and the Thousand Year Reich!! North Korea!!!

Time for the Reb and his battle flag to ride. One of the crew, a fellow named Ross, found a blanket laid out near where our horses were taken... we didn't know it, but evidently, we traded. There was a Bowie knife, a string of Navaho turquoise and silver, along with a few prime hides and some tobacco. They say an Indian never lies and won't harm you if he likes you. I guess we've made a friend. Can't figure!

See you on the bridge!

P.S. They once said the South would rise again! Just recently I saw a pick up truck with a large Battle Flag flying in the back of

it. What is happening is... this flag of courage and bravado is now breathing new life. This time it is a flag for all to rally around. It now represents telling Obama and his usurping minions to "Go fish. You are on notice; we're not going to take it any more! The lawlessness must stop all the way from our Southern borders to D.C.! We must put our house in order before it is too late!!

P.S.P.S. This Reb isn't really sure about Trump's intentions. He is shaking the tree in all different directions. Is he going

the distance or is he just there to screw it all up? I mean, we have the North Koreans accelerating their uranium enrichment, Tehran the same. The country upside down and coming apart at the seams, we need real leadership. We need some one who will walk into the offices of these criminals and say, "You're fired! You're fired! You are under arrest!!" Then tell our enemies that they are dead meat!! We don't need a soft woosie or another power seeker or dynasty! We have to have a real leader... some one who, if it came to it, would walk out front, pick up the flag and say, "Follow me!"

"It is easier to find a score of men wise enough to discover the truth than to find one intrepid enough, in the face of opposition, to stand up for it."

Archibald Alexander Hodge (1823 - 1886)
