## GOVERNMENT ANTAGONIST AND HUGUENOT

Billions and billions of dollars thrown into the bon fire of American misery, in order to destroy our economy and country... and rebuild it into their image of Utopia! "We the People" in utter poverty while they rule with their New World Order over us, the American people.

Joe "the Butcher of Afghanistan and the Ukraine" Biden is a very giving man, as long as whatever he gives doesn't belong to him, or any of his democrap-democommie associates (who run one of the most illegal regimes on the American continent, north or south. They "go woke" and we "go broke!"

Now they defile the home of President Trump with no legal provocation, and no actual legal documents. This is what dictators do! And we don't even know who is the real power behind the puppet! My God! Where is Joe-Joe anyway? He is another Obama pie, except this time, it's much, much worse.

Where is our government??! Where is the Camel Harris?? Where is our freedom??!

Is it all in Hunter's bank account? One good note in all of this. America's Dr. Mengele-Fauci says he is retiring! Is Covid retiring, also?

What a stinking mess our country is in. the media keeps saying that recession is on the way! Folks, recession started the day Bite-me set his skinny ars in the Oval Office. Just think Thanksgiving is on it's way and so are the gas prices.

Not to mention, Christmas is on the horizon. Let me tell you, I've been making a list and checking twice. The problem is, gifts or the electric bill. Which is a problem for our so-called government officials! That wasn't a problem under our legal president, Trump, at all! He held the American people first, not last! Personally speaking, I think professional politicians and lobbyists should all be outlawed. Caps on age to run for office of any kind. No more geriatric politicians!!!

Time for this Reb to ride!

"We found two more juvenile horse thieves down by the creek, hiding out. Two more girls, all of 10 and 8!! Should we hang 'em Cap?"

"We probably should get Rhea, 'A', Mr. Harris?"

"I understand, Cap. Remember, not too long ago, I, too, was a vagabond."

"I do remember, Mr. Harris! Did you ever pay the lady for the pies you stole?"

"Yes, and it was one pie, if you don't mind! She threatened me with a rolling pin, until I gave her ten dollars! She then asked me if I would like another pie.. I had another pie!"

See you on the bridge!

P.S Thank god Liz Cheney is kicked out. But she still is leading her monkey herd in a last ditch effort to nail Trump to the barn door. Instead, it's her hide being nailed to the barn door by her own state. The people of her state have had enough of it! After all, what business of her constituents has she done?

I tell you, absolutely none! But she has been very busy helping the traitors take our country over!

Bye, Liz!!!

P.S.P.S. The Constitution, Article 4, Section 4: "The United States shall guarantee to every State in this Union a Republican Form of Government, and shall protect each of them against Invasion; and on Application of the Legislature, or of the Executive (when the Legislature cannot be convened) against domestic Violence."

In other words: The U.S. will guarantee that every state has free and fair elections (without fraud), and it will protect the states from attack. Our border is unprotected and we are under attack by invading armies of unknown persons, by the millions! A clear violation.

Rampant election fraud is already proven and the fact that the federal government does nothing is a clear violation.

The state legislatures (or the governor, if they're not meeting) can ask for help with local fighting or riots. The states where we have seen raging violence and destruction by the likes of Antifa and BLM had the power to request federal help to STOP the destruction. And they chose not to. It was clearly their duty to do so. Again, a clear violation.

How many violations of the Constitution does it take for "We the People" to say, "enough!" It is time to say ENOUGH.
