

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

I'm just flabbergasted! With all the corruption of Hillary's bunch and the ignorance of the DNC, there are more and more reasons why Trump must win. Cruz is and always has been a woosie and would only continue to back down until there is nothing left to fight for anyway!

I can't believe what I'm watching! Which, media wise, is nothing but lie after lie. Heir Geobbels would be proud of Scott Pelley and the rest. If only Adolf and the National Socialist Party had Hilary for their leader! "Der Fuhrer" - "Sieg Heil!" Did I say National Socialist? Sounds familiar... like something I heard on Rush, I believe. But he said something about the Republican resistance to Trump.

The first two letters in the abbreviation for N.A.Z.I. mean "National Socialist" translated from German to English. So, what is it we are seeing: Fascist Democrapts and National socialists trying to destroy the one person who has been the only one to present actual plans for our country's future.

The rest are busy cannibalizing themselves and our Constitution, all the time trying to convince you that they have your best interests at heart. "They" being the same bourgeois politicians who have left our citizens to die and did nothing.

Interesting... the FBI has found thousands more emails Hillary sent out illegally. The corrupt woman is so guilty and insane. If we don't defeat her and jail her, then we

don't deserve to be free Americans and will surely reap what they sew!!!

Time for this old Reb to ride! Big bob comes riding hard. He told us the corporal had been shot and our horses taken from the corral. He is hurt bad. He was working in the barn when they rode in, about six of them, and just shot him down! They ransacked the house then left with our

NAZI political strategies originally included anti-big business, anti-middle class, anti-capitalist dogma. Racism was central to the NAZI's plan, as was wide-reaching social welfare and a dramatic reduction of individual rights.

Religion and faith were challenged, and the militarism and government take-over of local law enforcement became rule of the land.

SOUND FAMILIAR?

horses, headed southwest. After getting help for our partner, a few of the boys from the neighboring ranch joined us to hunt those back-shooters down!

See you on the bridge!

P.S. I have noticed the media has cut us off from everything, except local traffic and water

line breaks. Europe is breaking up with riots everywhere, bombings and Muslims declaring Sharia law in Muslim neighborhoods. But to talk about it and terrorists is not politically correct They pat the devils concubine on the back and block Trump and the truth. But we, the people, know the truth and in November, we the American people will shout it out.

P.S.P.S. As usual, when something important happening to our country, such as the flooding in Louisiana, and Der Fuhrer is once again on vacation and does nothing until it's all over, except for the question, where were you, Mr. Obama Pie? Oh, I'm sorry, but I can't be bothered with a little thing like a flood disaster!!!
