## GOVERNMENT ANTAGONIST AND HUGUENOT

Let's discuss G.T. Bynum. You know, the little girlie-man that embarrassed the entire city of Tulsa when he refused to pay proper respect to our President in front of the whole world... now re-elected to complete the job. G.T. ran as a Republican to get elected, but in reality, he is a definite Democrap.

So far, he has removed monuments, renamed streets to appease the socialists and Marxists. He has allowed the painting of murals of Communists and atheists on downtown buildings, along with Marxist symbols, such as the BLM symbol of the fist of black power and blocked the protests of citizens opposed to such propaganda and hate symbols against white people!

You ask, "What Commie murals?" Let me see... Woodie Guthrie was a professed Communist! What do you think "This land is our land" is all about? Where no one has more than anyone else. No one prospers! Bob Dylan, another Communist and atheist! So, should we call it Commie Green, instead of Guthrie Green?

G.T. is a socialist in sheep's clothing. He is doing what his Democrap bosses tell him to do! All of these things and more are just some of the reasons Tesla went to Austin. Tesla moved from the west coast to get away from all this Democrap. And, wouldn't you know it, they landed right in the middle of it again in Austin! Destiny! Destiny! There's no escaping destiny! (quote from "Young Frankenstein").

Time for this old Reb to ride!

"Well, Rhea, our little circus was fun."

"It was, Cap! There must have been a hundred people here!

"So, Mr. Harris, did you enjoy yourself?"

"Aye, Captain! I indeed enjoyed myself! Jimi Khan was the happiest of all. We helped him get back to where he needed to be. He said when he got to Houston, he had saved enough

to buy passage for himself and his elephant home to India on a ship!"

"Too bad the Bobs are off on the cattle drive! They missed the fun!"

"Aye, Captain! They should be back soon. I wonder what adventures they had!"

See you on the bridge!

P.S. The entire Tulsa city council needs to go!

The media has denied our President and the Republican party equal time during

prime time, as provided to Jo-Jo Bite me and the Democraps.

Cry foul! Our TV and radio stations are not telling us what is really going on. They are complicit in the coup attempt and need to be shut down, as they are part of the problem!

P.S.P.S. The Democraps have been busy making everyone paranoid, so they can destroy our country and perform a coup on our government. They and their minions will not stop until the shooting starts. Don't blink or you will miss the fun!!!

We have had worse epidemics in my life time, and I am seventy years old. I've seen epidemics before. But none of them were used to overthrow a government! Don't let this one be the one!!

Remember SARS, Ebola, Legionnaires disease... what about the swine flu? Anyone remember polio, mononucleosis?
