

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

My God! Have you heard? The Kurds, in Turkey and northern Iraq, are sending their women after the monsters of ISIS. It seems these murdering thugs of ISIS are scared to death of being killed by a woman... because they think they will go to Hell. So, let me see... they are scared of women and pigs!

This is a no-brainer. Just send a brigade of lesbians and tell ISIS their bullets are lubricated with pig fat and sit back and watch!

In the 1800's the British army, while in India, had a rumor go around that their bullets were lubed with pig fat. Their Gurkha soldiers refused to go near the amo!

I thought it was interesting that American Muslims were killed in Syria... all black Americans. Remember the Black Panthers?

The parents of one says their son is "not a terrorist." So... am I to believe that these thugs are just gentle giants? Who, in all actuality, are just misunderstood little children.

You know, of course, there are going to be more where they came from. I'd suspect, because of the fact that we have no leadership, that our country is already so far infiltrated. It's possible we're a caliphate and didn't even hear the gun go off. You know, ladies, that these so-called Americans share their brothers-in-ISIS beliefs about how to treat women and murder of others for a pagan god. I mean, even the name

ISIS is the name of a cult of rape and murder and should be wiped out by any means we have at our disposal.

Our biggest problem is our golfing president usurper with the Muslim background. If you think he is even interested in what's going on, you're sadly mistaken. He is not going to do a damn thing, except screw it all up some more.

Just had a thought. The scum that severed that young man's head the other day has a father in prison for terrorism. How many other of these turncoats have fathers sitting in prisons somewhere? Like father like son!!!

Time to ride. We are waiting in ambo for a bunch of Yankee skirmishers that have been following our column for five days now!

See you on the bridge!

P.S. Obama pie says he has no strategy to fight ISIS. Why, of course not! When worried more about slicing that shot than doing his job, how can he have a strategy?!

After all, he has to be ready for his golf lesson with Tiger Woods. He hasn't the time to be bothered by such small, uninteresting trifles! I said it and I'll say it again. We have no government and we have no leadership! Liars and traitors every one of them!

P.S.P.S. Don't forget the witches coming to OKC on September 21st.

"I have nothing to offer but blood, toil, tears and sweat. We have before us an ordeal of the most grievous kind. We have before us many long months of toil and struggle. You ask what is our policy. I will say, it is to wage war with all our might, with all the strength that God can give us, to wage war against a monstrous tyranny never surpassed in the dark, lamentable catalogue of human crime. You ask what is our aim? I can answer in one word: Victory. Victory at all costs. Victory in spite of all terror. Victory however long and hard the road may be. For without victory there is no survival."

~~ Winston Churchill, May 13, 1940

"...we shall fight with growing confidence and growing strength in the air. We shall defend our island, whatever the cost may be. We shall fight on the beaches, we shall fight on the landing-grounds, we shall fight in the fields and in the streets, we shall fight in the hills. We shall never surrender!"

~~Winston Churchill, June 4, 1940

"... To every man there comes... that special moment when he will be figuratively tapped on the shoulder and offered the chance to do a special thing unique to him... What a tragedy if that moment finds him unprepared or unqualified for that work which could have been his finest hour."

~ Winston Churchill
