

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

I recently read an article in a local paper, "The Banner" (<http://bannernewspaper.com/>). This article came from the Russian paper (Sept. 5, 2012 issue, page 12), Pravda. A gentleman called Stanislav Mishin seems to think that we, here in America are already cooked and just don't know it yet! Well, Mr. Mishin, it's obvious you have never been to Indian Territory or Texas. There are a lot of paranoid, locked and loaded good ole boys, just waiting for opportunity to move from deer to larger two legged commie game!

You see, what we have here that is not allowed in socialist countries are guns, and lots and lots of them, under private ownership—and I don't predict those who own them to just give them up without a fight. It's a thing here, in this part of the U.S. of A., you know, Ruskie!

We, here in this country, love a good fight! We love peace and tranquility just as much. But, pressed to the wall, the lion shall awaken. Maybe some of the woosies will give in, but that's why we call them woosies and traitors! Mr. Mishin, the people that you talk of are you! Where do you think we came from? We are the refugees from all the places on

this earth controlled by potentates, premiers and dictators! The ancestors of the underdogs... and if you think we're going to go back to being ruled by some wanna-be self-proclaimed dork, well, you are so wrong. There will be a fight. And those involved through the back door will get what's coming to them, too, if you get my drift!

"The Communist threat from without must not blind us to the Communist threat from within. The latter is reaching into the very heart of America through its espionage agents and a cunning, defiant, & lawless communist party... fanatically dedicated to the Marxist cause of world enslavement and destruction of the foundations of our republic."

J Edgar Hoover

I've said it before, this Reb won't go down without a fight and neither will my sons! It won't be my family's first rebellion—or our last.

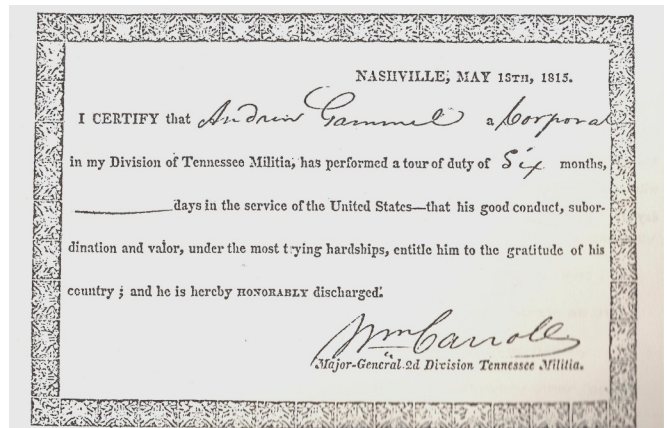

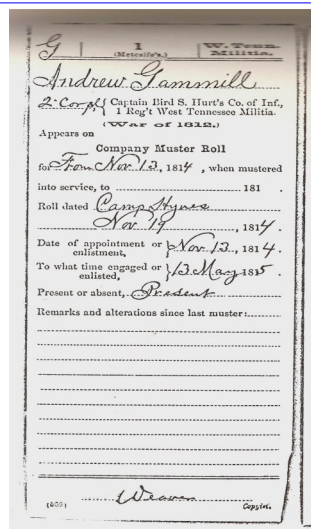

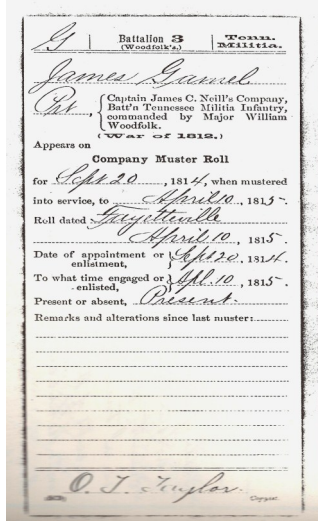

I'm going to print, for everyone, something I recently discovered in my family history. The muster sheets of two of my relatives, who served in the war of 1812. The point being, we are not about to let this republic go! And, Mr. Mishin, you can cash that check before it's written!

Time for this Reb to go. Duffy's cavalry are crossing the river. Sharp shooters have already engaged up river.

See you on the bridge!

P.S. These are the muster sheets of veterans of our second revolt against a tyrant king. With our first rebel flag—the stars and stripes!

P.S.P.S. We fought the king twice. How about you?
