

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Where did the ring of freedom go?

Our invaders have more rights than “We the People.” By charging Trump and jailing him, the democommies are basically doing it to all who backed and voted for Trump!

Maybe we should all go to Georgia and surrender ourselves, all 75 million of us.

“We the People” need to pull up the tracks of the democommie railroad system

and shut down their frame shop!

We as a country are on the train to communism and the conductor’s name is Fanni Willis, the engineer is Joe Bite-Me!

Our so-called Republican Representatives and Senators have all turned to jello, instead of stopping this “guilty before proven innocent” justice of the democrap party cold in it’s tracks.

They say “Ole Joe” likes trains. I think the democraps are about to ship “Ole” Bite-me out on his own rail express!

So, how do you like our own Oriental express (which is Chinese funded)?

Where is Agatha Christie or Hercule Poirot when you need them?

In the mean time, Hunter is looking at actually being tried for an illegal gun purchase. The fact is that he was hooked on major drugs and filled out the federal

fire arms form saying he was not. There is no question about the facts. He will never end up in jail. If he does, I will, as I said before, “remain dubious!”

For the time being, I am going to learn Finiculi Finicula and other songs about trains!

Time for this old Reb to ride *for freedom!*

See you on the bridge!
