

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

According to socialist outlets, a little over 900 dead in Oklahoma... let's do our math! Do you remember how to do percentages? They said the population of Oklahoma is nearly 4 million. So $900/4,000,000 = 0.000225\%$. In 1918 over 72,000 dropped dead of the flu over a two week period in Philadelphia alone. 50 million people died. It killed all ages of men, women and children. Whole towns were quarantined. Bodies were placed on porches for the carts or open bed trucks to pick up the dead, as was done during the plagues of old Europe. Believe it or not, these idiot politicians are trying the same methods they tried in 1918, and just as then, these methods are not worth a damn. Steven Stills said it best: "Paranoia strikes deep—into your life it will creep!"

This describes the ignorant and simple minded millennials! You have a better chance of catching mono (the kissing disease), then you do of catching covid!

Girlie man Bynum thinks he can keep us in Bolshevik masks for as long as he wants, along with the Bolshevik city council of Tulsa.

Remember, most of the deaths are older people with pre-existing conditions. Did you have the chicken pox? How about measles or mumps? These diseases were used to wipe out whole villages of Native Americans! Personally, I, the Reb, had them all, and I'm still here! No one wore masks!!!

Time for this old Reb to ride.

"Well, Rhea, the house is done. The two Bobs are back from the drive and disappeared to the Petersons to propose to the twins. I think we need to talk to the preacher!"

"About time, Cap! How about it, Mr. Harris?"

"Aye, time for a big wedding and barbeque!"

"You said it, Mr. Harris! Time to tie a half dozen knots! Should have kept the elephant a while, aye, Miss Rhea?"

"What fun weddings would have been!"

"They will still be fun, elephant or no!!"

See you on the bridge!

P.S. Well, the usurpers keep saying that if we don't elect Bite-Me, then they will start praying on the population of suburbia and rural America! They want blood. Personally, I want my country and my Constitution and Bill of Rights and my flag back!

Remember, we southerners were forced to pledge allegiance to the Stars and Stripes. So sworn, I shall honor the pledges of my ancestors and protect this flag that so many southerners have fought and died for, for the last 155 years!

As far as Nancy P.P. and Bite-My-Butt Joe, all I have to say is, where's the rope? By the way, Joe, define incompetent... define baffled! What do baffled mean, Joe? As if he would know!

And, wouldn't you know it, the DNC is claiming Russian interference in Joe-Joe's campaign. Probably to the tune of \$83,000

a week, "A?"

P.S.P.S. A peace accord between Israel and the Arabs. This is something that no president or congress has yet been able to do (or, more likely in all reality, not want to do, for crappy political reasons, period!)

Trump has done the impossible, and Nancy P.P. and Chuck-U Schumeroid are beside themselves, because this, once again, upsets their treasonous little apple cart.

You see, up to this, the strategy was to keep the middle east in constant warfare. Thus keeping them from competing with us on the world market. That is about to change!

By the way, cheap 9mm ammo is \$40 for a box of 50! Remind you of the Obama-Pie days?

918 Spanish Flu vs. 2020 Covid

Population: 1.5 billion vs 7.8 billion

Sick: 500,000,000 vs. 29,217,400

Dead: 50,000,000 vs. 962,000

Death rate: 10% vs. 0.0329%

This is not a pandemic. It is a guise to enforce compliance. A compliant population can be controlled.
