

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

Gangbangers threaten our soldiers in Lawton. I've got a threat for gangbangers everywhere: run! Run now, because you are scum and now you are all nothing but moving targets. If you know a gangster, people, point him out; run him out and, if need be, shoot that piece of crap and send him or her straight to Hades. Enough!! The liars (lawyers) have set these people loose on us, so get the bastards that let them loose on us - the liars (lawyers) - too!

Time to wipe the state clean of these little sacks of doo-doo! If it takes a little vigilantism, now is the time! Our law enforcement - kill them where you find them - we don't want to try them again and again and let them loose... again. The gangs have taken control and terrorize the entire state with the help of liars (lawyers), bought off judges and witnesses who have either taken part or are so intimidated they are afraid for their families. It is now even worse than Judge Parker's time (Indian Territory, late 1800's).

We need to kill them where we find them and get rid of anyone who wears a badge and stands in the way of the clean up process. I am sick and tired of thousands of free roaming dangerous imps! It is not murder to defend one's home or the land he or she lives in. In fact, it is your right! It is also our right to rid ourselves of the corrupt judicial system wherever it exists, in order to protect ourselves because of their mockery of real justice.

I say put posters up with rewards, dead or dead. Forget bringing these little cowards to trial. The judges and liars (lawyers) will only put these scum back out on our streets again at a cost of millions and countless lives.

Are you ready? Do it! And if we the people get arrested for doing so, well, go to the home of the judge and the liar (lawyer) that is responsible and tar and feather the bastards and run them and their families out! No more filling our prisons with dangerous wild animals that cannot be

“Guard with jealous attention the public liberty. Suspect everyone who approaches that jewel. Unfortunately, nothing will preserve it but downright force. Whenever you give up that force, you are inevitably ruined.”

“Fear is the passion of slaves”
Patrick Henry

persuaded to act like human beings! Give me liberty or give them death! Rights? Gangbangers have no rights! They only have the right to run or die. Oklahomans shoot to kill. Kill to be free. Kill gangbangers. Kill them all! Murderers, rapists, drug dealers, thieves and worse... that is what a gangbanger

is. The worst of the worst. If we do this, our streets and families will once again be safe! How about it? Don't you want to feel safe wherever you go? Then take back your freedom and make these gangers afraid to even cross our state.

See you on the bridge!

P.S. The Rebel rides for free men and women everywhere. This is not anarchy—it is a message to free men and women to stand up. We are an army to be reckoned with and not to be deterred from our re-

solve! Let's take back our freedom. Death to Bloods! Death to Diablos! Death to Crips! Death to the Empire!!! Death!! Death!! Death!! And only death to them all because that is what they want for us! To prey on us like jackals on sheep! Are we sheep to be slaughtered? They think so! So, it seems, I will start a war. Who will stand on the bridge with me? And, if I should fall, who will pick up the cause and advance for me?

I love my people of Oklahoma and you are my reason for what I do.
