## GOVERNMENT ANTAGONIST AND HUGENOT

Well, the first debate is done and Mr. Obama-pie gets slaughtered. "Gee," who could have seen that one coming? You know, Mr. Pie could not look Romney in the eye. Now, what kind of a person can't look you in the eye? A Liar? A thief? A usurper?

All correct answers and all correct descriptions of the woosie Marxist now sitting on the D.C. throne. The same Marxist that is sitting on his hands while our troops are shot in the back by those who, a few years back, were screaming, "Oh, please help us." I mean, really, the Marine guards in our embassy haven't even got bullets for the weapons!

I'm wondering when our military are going to get their new "beanie flips." Can you see it" I can! I can see a Ruskie tank attacking and one of our brave boys stands up and bounces a rock off of it just before it sends him to never-never land.

The new American military of Obama's dreams. And there he stands, proud of his accomplishments. What accomplishments? All this idiot has done is break the bank while he and Michelle party and steal us blind with the help of Nancy P. and Harry Reed—both treasonous piles of squat!

I will definitely enjoy watching Paul Ryan take a chunk out of Joe-Bite-Me! I like that name—Joe-Bite-Me. It has a certain ring to it! Every time that jack-ass opens his mouth, nothing but garbage falls out! He should be sited for littering and illegal dumping! Obama's "lackey," good ole Joe... what a kiss ass brown nosing accomplice! By the way, where is that traitoristic coward, anyway?

I've said it before—that Chicago mobsters and racketeers are all these people are—all of them criminals of the highest

order and they must go! They must be held accountable for the damage they have done, forced to repay the 16 trillion dollars they have stolen! After all, isn't that what we do with our ordinary run-of-the-mill criminals? What makes them so untouchable? I think that after the next so-called debate, Obama should be packing and getting ready to cut and run.

When I saw him looking at the floor while Romney rammed another and another shot in the breach and fired with hit after hit... I felt like, finally, the fight is being taken to the beast, instead of being the other way around. We must keep up momentum all the way to the election. Keep the pressure on, because Mr. Obama's collapse is eminent. You could see it in his face. He can't handle the pressure. You see, that's why he has no balls to stop our enemies. That's pressure. He can't be bothered with things like Al-Qaeda killing our ambassador or our national economy going belly-up, while he fiddles as Rome burns!

I am appealing to all you fence riding Democrats and independents. Use some common sense. Pull you heads out . Four more years of Obama-pie and all of us will be refugees in our own country!

Enough! Enough! Enough!

Obama has got to go!

Well, it's time for the old Reb ot ride again. A cannon ball just wiped out my horse. Afoot again! We are retreating and I hate swamps! I hate snakes!

See you on the bridge!

P.S. Armageddon is not an invitation. It is a warning! We have always had the power to stop it. And getting rid of this usurping Kenyan would be a real good start!

P.S.P.S. Sorry you haven't heard from me... it's deer season!

**Ever wondered what happened to the 56 men who signed the Declaration of Independence? 5 were captured as traitors and tortured to death by the British. 12 had their homes ransacked and burned. 2 lost their sons serving in the Revolutionary Army and one had two sons captured. 9 fought and died in the Revolutionary War. These men signed, pledging their lives and their honor.**

**What kind of men were they? 24 were lawyers and jurists. 11 were just merchants, 9 were farmers and plantation owners - well educated men.**

**They signed the Declaration of Independence knowing full well that the penalty would be death if they were captured.**
