## GOVERNMENT ANTAGONIST AND HUGUENOT

Joe says, “nobody messes with a Biden!” Excuse me? I’m messing with him! You say, “I’m just a little guy.” So are the guys being charged with conspiracy to commit sedition! It doesn’t matter! If you speak out against the democrap regime, you are guilty of sedition!

So, this old Reb says, in the words of one of America’s greatest rebels, “I regret that I have but one life to give for my country!” If you don’t know who said that, I’m ot going to help you.. You have to look it up yourself.

You see, your children have a problem with history... they know nothing about their own pasts! The idea is to eliminate their past, so the powers that be can shape their tiny, unknowing brains to the utopian democommie ideal!! Their New World Order!

And that is what Joy and Gist have been up to. Dumbing down your kids, so people like “Ole Joe” can rule and your kids won’t have the slightest idea what is going on. Don’t believe me? Ask any high school kid to count change! They can’t right or read cursive. They have no idea what a roman numeral is.. Ask them, what is sedition? I’m pretty sure I am a seditionist. After all, I was born on January 6th.

I also recognize “ole Joe” as a criminal and speak out against everything he does. He is definitely not a leader. The only place he is leading us to is Hades! Of course, in reality, he is not in control of anything, including his brain and his mouth.

They are sucking our reserves dry and back to OPEC again, we go. Under Trump all of this would not exist.it was being brought under control for the first time since Ronald Reagan. And now, out of the failure of Obama-pie, into prosperity with Trump,, and now... back to recession and war to cover up the usurpation of the American government, the Constitution, our Bill of rights!

Joy says she is tired of the hate. Then flip-flops to the democommie party—the party of hate and corruption! Go figure!

“A?”

Time for this old Reb to ride!

“I think we are free of the Comanches, Cap! They don’t seem to want to follow after getting run over by a herd of Texas steers!”

“It must have been quite a surprise to them, Corporal! We have lost quite a few head! I think we’ll just about break even on this one, Corporal!”

“Well, at least we will go home alive!”

“Not home yet, Corporal! Not home yet! Got a ways to go!”

See you on the bridge!

P.S. Bite-me left billions of dollars worth of equipment and cash behind in Afghanistan and now he is stripping our military of it’s weaponry. Throw that and billions more (that we need here) at the Ukraine debacle!

He is not doing anything to help us! Just throw money at it and tax the crap out of us—always the democrap way—thereby throwing this country deep into

recession (which they deny exists)!

Personally speaking, I wouldn’t doubt that a big portion of that money is in democommie bank accounts! Maybe this January 6th, don’t go to the capitol. Go to where they live! That will make the Nancy PP’s and Schumeroids of the country run!

And run they should.

Viva Liberty! Viva America, the Republic for which we stand!

P.S.P.S. Here’s what’s coming after the election, from the “Inflation Reduction Act” - \$6.5 Billion natural gas tax (your heating bill); \$12 Billion crude oil tax (gasoline and more); \$124 Billion stock tax (your 401(k), IRA and Pension plans); \$52 Billion income tax hike on mid-sized and family business (passed on to households); 95% excise tax on American pharmaceutical manufacturers (raising drug costs). Remember this when you vote.
