

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

The Democrap debate was nothing but crap. I mean, there they were, the “cream of the crop” in the Democrap party. A lying murderess, a communist and a couple of the same ole crap Democraps. The worst possible line up I have ever seen. And that liar Bite-me says he isn’t going to run and if Hillary gets indicted, then that leaves guess who? Michelle!

And, wouldn’t you know it, they are back on the gun control band wagon, ever relenting with their B.S., which is exactly what it is... B.S.! I’m not giving up my second amendment rights just because some Democrap wants to rule us. That, exactly, is what the second amendment is all about—the ability to fight tyrants and throw them out! All this made the old Reb want to clean his guns and count his bullets, then find a good place to stash them.

Which calls to mind a visit to a Stigler pawn shop. The owner had bought a stash of rusty rifles found in a cave in Arkansas. They were put there by native Americans for a later reference, which evidently never came. I do not intend to go the way of the

American Indian! We must always stand our ground and find a way to win! When Hillary says “let the revolution begin,” well, you know it’s time to invest in Kevlar and dig in!

I keep hearing them say Hillary is leading Trump in the polls.

Well, maybe if we were in Poland, where Poles are ex-commies (and some may still be)... I’m sure Bernie would relate well to them.

Time to ride. A few days after encountering the buffalo hunters our pole setting brought us to the area they were shooting from. The stench of rotting meat everywhere... there lay hundreds of carcasses, skinned and left to decay. Killing not for the food or survival, but for skins and the almighty dollar!

See you on the bridge!

P.S. With Hillary spending all her time answering questions on the hill and Bernie wanting to tax ninety percent of your income, the Democrap party is in danger of imploding and the Obamas poised to take over. Trump looks better every day. If he goes the mile, then I would say the politics are going to border on the criminal by the Obamas. We will see.

P.S.P.S. “What does it matter?” Our citizens are dead and our embassy burned. Hillary will be lying her ass off in the Congress, covering her own ass. If she gets away

with it, it will prove the separation of the rich from the poor is almost complete. No laws for our elite, but we the little people can eat cake!!!
