

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Every wacko in the Middle East is vowing to join in. Iran is feeding the fire! All you need is a few insane mullahs and, "voila," murder, mayhem and thousands dead. Add in a commie country or two and throw Putin into the mix. Everything is coming unraveled at a steady pace. I wonder... did the ChiComs send their unsinkable ship into the fray? What do they call it, anyway? The Unsinkable Molly Brown?

Right in the middle of this stands the most incompetent so-called leader "Joe Bite-me" and a totally non-functional Congress. It's worse than I've seen since Obama-Pie, who is still making trips to Biden's home.

Now, lo and behold, our children in Fort Sill are being deployed by this imbecilic, dementia-ridden, ice cream eating, diaper wetting moron! You know, the crum who abandons everyone, especially Americans, in harms way. We haven't a competent commander-in-chief—and that, my friends, is a perfect setting for disaster!

Isn't it interesting that "Ole Joe" says nothing to his benefactors, the Chinese? "A?"

Meanwhile, back at the ranch, the Republicans have finally pulled their heads partway out and elected Mike Johnson of Louisiana as Speaker of the House. I'm not sure, but I think we all just got tickets to the greatest circus on earth!! A show like no other! A spectacular, spectacular! Can't wait for the trapeze act.

Time for this old Reb to ride!

"That Colby boy bought one of those new-fangled Winchester rifles, and it's a pip!"

"Aye, Captain! He and I are going to try it out hunting deer."

"I think I'll go with you, Corporal; I need a break!"

"Saw a big one down by the creek. Can't wait!"

See you on the bridge!

I WANT YOU

TO KEEP YOUR EYE ON THE HOUSE OF REPRESENTATIVES!

P.S. A new Speaker of the House and back to the same game? Or not? Spending is out of control and we have a criminal in the White House. Not to mention, off to war we go!!

P.S.P.S. Keep your eye on the House of Representatives and stay in constant contact with your Representatives (Congressional contact information on our website)! If you've never done that, now is the time to start!!

The first Americans rebelled because of a tax of less than 2% because we had taxation without representation. By that standard, we are horribly over-taxed. Today we are

paying a good 35-40% of our income in taxes. THAT is insane.

The first American Congress got ZERO income. They got compensated with per diem to cover their time and travel. Today Congress gets paid \$174,000 + another \$30,000 for each "committee" they are on. And when you add in the benefits they get, we're spending a minimum of \$250,000 each. Multiply that by the 535 members of Congress. THAT is taxation without representation. Time to get pissed off, Americans.
