

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Well! Well! Well! Well! Well! Alec Baldwin... what a big mouth imbecile! If he wasn't such a liar and actually left the country when Trump was elected, two people would still be unarmed (one of which did not survive his irresponsible disrespect for fire arms). And people like him are the ones trying to impress gun control on the rest of us! I'll bet he is already on the talk show circuit lying his little socialist arse off! Hollywood, where the abuse of guns is a way of life for these people... they are the most prolific weapons abusers in the world, outside of Islam!! It's safer standing next to someone with the Black Plague! Being that Baldwin is a moron, to be on the set with him must be like playing Russian Roulette!

He is trying to tell us he didn't know the gun had live rounds in it. Toooooo stupid to check it himself. That is the very first thing you do when anyone hands you a gun of any kind!! Anyone know how to spell "DUM-BASS?"

This old Reb has been a hunter most of my life, gunsmithing for thirty five years! Not to mention working in a gun shop. I've met many a "dumbass" and Baldwin is up there on the top of the list. Instead of gun control, we need Hollywood control! "A?" Just ask Joe and the Camel!!

Time for this old Reb to ride.

"We'll be at the rail-head day after tomorrow, Mr. Harris!"

"I can't bloody wait, Captain! Can't wait to be home. I'm getting married myself!"

"Well, Mr. Harris, I see another house raising in our future."

"Aye, Captain! Another fine prairie castle!"

That Colby boy sitting on that horse with a big smile!

"The boy earned it! So, what are you going to do with your pay,

boy?"

"I'm going to buy books!"

"Did you hear that, Mr. Harris?"

"Aye, Captain! What kind of books?"

"Math and engineering!"

BALDWIN SHOOTING DETAILS EMERGE!

Prior to the shooting incident union crew members walked off the set because of safety concerns. Necessary safety checks were not enforced on the set, and gun safety was of particular concern.

All union workers that walked off were replaced by non-union people. Baldwin was not handed the gun by an armorer, it was handed to him by assistant director Dave Halls, who said the gun was "cold" (no live rounds), which was not true.

Gun safety: #1 ALWAYS assume it's loaded. Open it & verify. #2 NEVER put your finger on the trigger unless you intend to shoot. It takes a hand, finger and a brain. Use them all!

"Well, Mr. Harris, that's a first!

"Aye, Captain, a mover and a shaker!"

See you on the bridge!

P.S. Bloody Joe. Bloody Camel. Bloody Nancy. Bloody Alec. Bloody Billy. Bloody Hillary... must I go on? All of these jerks have the blood of Americans on their hands! How much more are we going to stand for? They are all Democraps. Do you suppose they have taken lessons from Adolf, Stalin, Mao, etc.? Why, of course they did!!

P.S.P.S. Dr. Fauci, America's Mengele. Please experiment on me doc. I am at your ghoulish disposal. I know it won't hurt long! Please, we Americans are here to be lab rats for you! This quack has no idea what the long term effects will be! If you take the shot, you may

be harming yourself to no end!

According to the former CDC director, Robert Redfield (who is now an advisor to the governor of Maryland), 40% of all the so-called covid deaths there are those who got jabbed! Think about that! We need to give development of these drugs time to see exactly what results develop.

Remember: only fools only see today, and only fools rush in!

Mandate that, old Joe and also, bite me, Joe! I'd just as soon walk off the job! No one puts a gun to my head, like it or else!
