

# The Rebel Speaks

## GOVERNMENT ANTAGONIST AND HUGUENOT

Get out the Mylanta, because you're going to want it! Joe Bite-me in the same room with Putin! "Oh!" "My!" "God!" It doesn't matter what the outcome is... either way, it will spell disaster and it will cost the American people gallons of ice cream in bite-me's pie hole!

Back at the ranch, all the Aghan special ops units who are still running and fighting Taliban have been invited, by Putin, to fight for him in the Ukraine. And why wouldn't they do it? Their chance to get revenge on "Ole Uncle Joe" for leaving them behind at the mercy of the Taliban (who are still hunting them, and they want to kill us, too).

I imagine that they are here now, since millions are invading across our borders. There isn't a country in the world who wouldn't like to see us fall. Their problem is that if we fall, so does everyone else who ever claimed to be an ally.

Just remember this: don't shoot until you see the whites of their eyes. We are about to experience the Bunker Hill effect! Putin threatens us with battlefield nukes and "Ole Joe" puffs out his collapsing chest and says, "bring it on," because he thinks he will survive... but who gives a shiite about the rest of us?

How many of you out there think you can beat what's coming? We are more vulnerable than we have been since the bombing of Pearl Harbor. We have an insane, maniacal regime dragging us, kicking and screaming, into the Ukraine for the sake of covering up their treason and total criminal activities.

Remember Adolf? He did it for the same reasons! Welcome to the beginning of World War Three!

Time for this old Reb to ride!

"Corporal, I'll be glad to sell these critters and head home!"

"Got a buyer that will give top dollar for the herd. I figure we lost about sixty head. Our two hands that got shot are going home with new experiences."

"I sort of got the feeling, too. Those comedians shot the horn

off my saddle! Now that was too close for my male pride! Got to buy a new saddle! I think I'll get one with a steel saddle horn, Corporal!"

See you on the bridge!

P.S. Sixteen year olds voting. That is what the democommies want now. They know they are about to eat the big banana! Sixteen year old kids are barely out of puberty! They have no real life experience yet. When they graduate and try to go to college, they end up taking remedial classes because they can't read above an eighth grade level, their math skills are below average, they have no background in economics, can't read or

write cursive, know nothing about their own country's history... and they sure as heck can't write a college level paper. I know this because my wife works for a university!

How many of you out there would trust your sixteen year old, who just got a driver's license to go out and party with your brand new Cadi? "A?"

How many of you told their teen, "no," and they climbed out the window and did it anyway? I say, not till they turn eighteen, then they can do whatever they want to..

Till then, no! No! No! No!! Hell, no!!!

P.S.P.S. Nazi Pelosi and her son Paul Pelosi, Jr. went on a trip to Taiwan. Paul is involved with a \$22 million telecom company with Chinese ties, Borqs Technologies. He was "awarded" 700,000 shares for his "services" and that meant that (as of June 2021) owning more stock than one of it's two co-founders.

Paul was also Nazi Pelosi's "escort" in meetings with Taiwan's President and other top officials. Nazi Pelosi also got a private tour of the Nvidia chip factory, after having purchased millions in shares.

So, this trip that was supposed to be so brave, so great, was a trip to tour a multi-million company that the Pelosi's are invested in. The trip cost taxpayers over \$90 million for security, allocation of U.S. military presence, the use of an Air Force Boeing C-40C jet, and much more.
