## GOVERNMENT ANTAGONIST AND HUGUENOT

I understand that it is rumored that Joe poo-poo'd his pants while meeting with the Pop... and the Pop suddenly got up and left the room. And apparently he did the same thing to the Duchess of Cornwall.

I don't suppose the Pop was asked to change and bless old Joe's fresh diaper? Then Joe falls asleep during a meeting, in front of cameras and the world! And the democrap party wants you to think this baboon is a world class leader. He wants to eliminate methane gas emissions. Well... eliminate the democrap party and "viola" problem solved!

Nancy P.P. puts out enough methane to power a hundred homes! Put all of the democraps together with a good piping system and proper valves and pumps... you could probably heat the entire east and west coasts together! "A?" Bernie could do an entire state all by himself!

This all boils down to all of us being bullied by a few, who want nothing less than to have it all, by any means and leave the majority of America begging in bread lines, like the old days behind the Iron curtain! Where they have and we beg!!!!

So... tell Joe Bite-me, "Hell, no! We will not go quietly into the night!!! F-Joe!!!

Time for this old Reb to ride.

"Well, Corporal, it was not a bad drive!"

"No, Captain! Not to bad, but we're not home yet!"

"Aye, Cap! There's still a couple hundred miles to home!"

"Mr. Harris, let me say this, just to make you feel better... we just cut trail with unshod ponies! I think they are Southern Cheyenne and Arapaho."

"How can you tell, Cap?"

"Because there are about, I don't know, ten or fifteen watching us! Boys, keep together! There are about twenty of us, so I don't think they are looking to fight with us!"

"Aye, Captain! But I hear they are still a little agitated over the Washita attack! And they are not friendly to us!"

"Well, Corporal, Mr. Harris... We'll just have to be very careful!"

"Aye, Cap! Very careful!"

See you on the bridge!

P.S. Back to Baldwin... they say the gun "misfired." A gun that misfires does not go off. He fired the gun, which means it did not misfire!!! He fired it twice and it obviously did not misfire, it worked perfectly, as it was designed to do! So, Hollywood says they are going to revisit their use of weapons on movie sets! Does that mean they are going to use rubber weapons and just yell "bang, bang, rat-a-tat-tat!?" "A?"

P.S.P.S. Joy to the world. Joy Behar of "The View" is up there, on her show, calling all Republicans racists! You know, that can only come from one place, a professional bigot! You know, someone

who uses the race card every time they lose an argument! They call you names! Draw a line in the dirt and say, "I dare you to cross it!" You do. Then they back up and say, "Knock this stick off my shoulder!" So... you do. Then, suddenly, out of nowhere, they hear their mother calling! Then walking away, they say, "If I didn't have to go home for dinner, you would be in real trouble! I'll see you again!" And you never do. They get transferred to another school because they told mom they were bullied! Even the new Lieutenant Governor of Virginia says she would be glad to be a guest on her show. It will never happen! A?"
