GOVERNMENT ANTAGONIST AND HUGUENOT

Great Caesar's ghost! I knew it! I knew it! We can now give Obama a proper title, not "President," but "conqueror," "Obama, the Lion Heart!" I told you: the Seventeenth Crusade had begun. This moron is sending fifty— and now more—of our children into the caldron in which they will surely perish. There, where forty thousand ISIS are engaged in slaughtering everyone, with the help of god only knows how many Al Qaeda and it's your guess is as good as mine—how many Taliban.

And then you have Assad's army, hostile to us and don't want us there. Not to mention, Putin's Ruskies are just dying to kick American ass.

I can see it now, the usurper has our boys and girls drawing lots to see who stays and who dies... and with such a tough negotiator, like that woosie Kerry. He probably assured the enemy that they won't be shooting back. They are supposed to put their hands in the air and say "don't shoot!" Do you suppose that ISIS will behead them all at once, or one at a time and make a real show of it?

If they get lucky, the Russians will send what's left of them to Siberia. What a massive, purposeful imbecility! Personally think-

ing Paul Ryan needs to arrest the entire Cabinet and the usurper, since they are criminals who have broken our laws over and over again, with no fear of consequences. Then reverse all of Obama's worthless crap!! If our children die in Syria, then their

murders are on the heads of every Democrap that helped put this moron and his entourage in office. Accessories to murder! But I don't think that bothers most Democraps, since they want to put a liar and murderess back into our highest office. Oh well, what does it matter??!!!

Time, once again, for the Reb to ride. Since we found the dead buffalo, things have gotten a lot hotter. We found a trail of about a hundred unshod ponies trailing the hide hunters. Hope they don't turn our way! The corporal said something about getting a raise!

See you on the bridge!

P.S. Obama sending our children to Syria reminds me of Steve Irwin, the crock hunter dangling his baby over the snout of a seventeen foot, two thousand pound crocodile!

P.S.P.S. Merkel is in trouble. She wants to let a million refugees into

Germany and the Germans are threatening civil war... and carrying crosses in the streets. The Crusade has begun!!

Thousands of Muslim Refugees Disappear From European Camps

<http://www.wnd.com/2015/10/thousands-of-muslim-migrants-disappear-from-camps/>

According to German press reports, keeping track of all the Muslim refugees pouring across borders is proving ever so tricky for European countries being flooded with people on the move from the Middle East and Africa. "It's become an epidemic," said Pamela Geller (author, columnist). "7,000 migrants have left the Brandenburg shelters. Where are they going? Who is sheltering these illegals, many with ties to ISIS?" Such a high number of people hiding is "completely unacceptable," according to the German authorities. "Where are they hiding? Could they be connecting with sleeper cells?" Geller writes.

"Is it any wonder that Europeans are scrambling for guns?" Geller added... Thousands of refugees have left their assigned accommodations. "They are simply not there anymore," the news outlet reports. Several hundred migrants have disappeared each week since the beginning of September without signing in.

According to official figures of the state government, more than 17,000 newcomers came into the country since early September. About 7,800 have been housed in cities and villages, about 2,700 people are still in the initial reception centers. That leaves at least 7,000 [Muslim refugees] who have left and are AWOL.
