

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

The 101st Airborne are poised on the border of Ukraine awaiting the illegal order from our criminal dementia coward to give the order to cross into World War III!! You democommies are totally to blame! The blood of anyone murdered by the moron you "elected" is on your souls! The Almighty will see it and know you for what you are!

I don't know a democrap who will take any responsibility for anything! They will always tell you the Russians are responsible. Trump did it!

Peace under Trump, death under Joe Bite-me!

To the Airborne, allow me to send my condolences to those who are about to die. Morituri te salutant (translation from Latin:

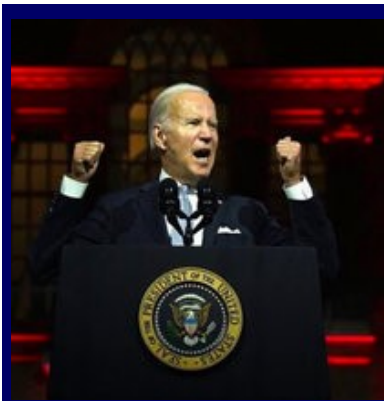

Those who are about to die salute you)! This is what any gladiator was required to say just before they began to chop each other to pieces. So, shall the 101st turn and salute their new emperor, Biden, just before they march into hell? As if that piece of Shiite gives a crap about them! This is all about the "Hole in the Wall Gang" covering their outlaw trail and nothing else. To the Generals of the Airborne, if you take an order from these usurpers and you follow through, then you are guilty of treason to your country!

Just one question! Would you die for Nero if you had a choice? Officers, resign while you have a chance, leave "Ole Uncle Joe" with no one to command his biggest folly! Ladies and gentlemen, I am the father of an Iraq veteran! If he gets called up, I will stand in the way. The will not die for criminals trying to be tyrants and wannabe rulers!! To our Pentagon Generals and Admirals, did you collect your thirty pieces of Roman silver be-

fore you committed your services to the usurper? Does the name Judas mean anything to you????

Time for this old Reb to ride.

"We will be home in about a week! I've decided to buy a Mexican saddle replacement, Corporal!"

"Why, Captain?"

"Because if I get a saddle with a steel saddle horn, it might ricochet and go in my direction... so I figure a nice piece of hardwood might be in my favor. A Mexican saddle with a very large saddle horn might be in my future!"

See you on the bridge!

P.S. Thank God Stitt is still governor. Joy Hoffmonster would have brought more Bite-me disasters to our state and our kids would be even dumber than she has already made them. We now have a new school superintendent. Let's see if we can get real education for

our children. Teachers want a raise. Then raise our children's goals, so they can read and write and do math when they get to college or technical school, instead of wasting money and time catching up with remedial classes just to get through their first year!!!

P.S.P.S. Today's democrap party is using the FBI and the Justice Dept. to keep democraps in power. That is precisely what the German Nazi party did to keep themselves and Hitler in power. As for American "news" today... "By the skilled and sustained use of propaganda, one can make a people see even heaven as hell or an extremely wretched life as paradise." Adolf Hitler. Under Trump we had a great economy... and here we are. Buckle up.
