## GOVERNMENT ANTAGONIST AND HUGENOT

The country is at its highest unemployment figure in history and Mr. Obama can't figure out what all this means! Not only does he know what this means, he engineered it! He is a lying, two-faced racketeer and lackey of George Soros. They have purposely done what they have done to enrich themselves at our expense, with the help of liars (lawyers) and judges who benefit from our financial demise!

It is not the C.E.O.s, it is completely and utterly the doing of our complacent judicial and congressional task masters. They set it all up with frivolous laws made to separate them, as elite rulers, and the rest of us as their serfs! What they do – "the ruling class" – the people of this country would be hung out to dry for... and are, on a daily basis! If we try to stop them, they have us picked up and jailed while they break every law that we, the little people, are pressed to abide by.

Ask yourself, "How many of them ever serve time or are even charged for what they do?" The Bar Association is run by the most conspiratous body in our hemisphere. They spend their entire time trying to separate us from "our" freedom, "our" property and, if possible, "our" lives... while they wag the dog and make the simple minded believe that it is the fault of Wall Street! With politicians and our executive ruler in their pocket, they continue to drive nails into the American coffin! If you want to protest something, go stand in front of your local Bar Association and see what happens. Not only will you be arrested, but, regardless of your political affiliation, you would

be treated to the treatment due a terrorist. They rob us blind with extravagant fees that they block others from. Example: I myself once went to one of these liars to try to recoup some of my own cash. This man asked me how I derived the amount that I was trying to get back. I said, "How do you feel that you are worth the fee that you are asking?" His excuse was, "I have a four year degree!" So, there I am standing there, thinking he owes me money for just walking into his office, because I went to school for eight years! They don't even do the work

themselves. Their secretaries and student workers do the work while they spend their time playing golf with each other, figuring out how to screw the average guy more and more... and how to buy politicians, of whom eighty percent are "Liars" (lawyers). That is, if you can read! How many poor lawyers or politicians do you know?

Time to ride. The rebel hears another call of injustice! Stay tuned for a whopper! I feel it pulling on the hook!

See you on the bridge!

P.S. I haven't heard a word from that fat-ass turd, Michael Moore, about my challenge to duel for his honor. His honor, what a laugh! He has no honor, just a big mouth.

**"The time to guard against corruption and tyranny, is before they shall have gotten hold on us. It is better to keep the wolf out of the fold, than to trust to drawing his teeth and talons after he shall have entered."**

**Thomas Jefferson,  
Notes on the State of Virginia (1787)**

**"The old parties are husks, with no real soul within either, divided on artificial lines, boss-ridden and privilege controlled, each a jumble of incongruous elements, and neither daring to speak out wisely and fearlessly on what should be said on the vital issues of the day."**
