

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Trump is our new President. Thank god! Hillary will be prosecuted and the little socialista dweebs are going to work trying to start a war. I say, give it to them! Open fire! Why not? That is what they want. They have lost their capitol of crime and the outlaws that they are want it back. Harry Reid calling Republicans KKK! Considering the Democraps invented it, isn't that the kettle calling the pot black?

The Democrap machine is not dead. All we did was to corner the snake. Now we have to kill it. We must destroy it's ability to strike at us ever again. I told you, Democraps are back shooters and cowards, didn't I?

And, like most other criminals, they can't stop. Just ask a career car thief. Just like the Reidster... he can't help but to lie, cheat and steal, regardless of who gets in his way, or who he uses to continue the Democrap agenda.

The media still putting out their voodoo-doodoo, continuing to stir the pot, hoping for a boil over. Maybe we should boycott all their programming and let them see how it feels to look for a job, like the other ninety-three million they helped to put out of work, by helping to push Obama's defunct programs.

The election was a hard fought battle, but the war is not over. So, don't hang your musket back on the fireplace

just yet. Keep your bowl primed and a round rammed home, just in case. This time, we need to finish of the Democrap party for good. Get rid of the party of lies and corruption and rebuild while we have the chance.

Time for this old Reb to ride. Coming back our new vagabond friend explained that he might still be in India, if not for a gold watch which had been given to his officer by is Uncle, Lord Essex! "Wasted bullet, bent watch. Here I am."

REPEAL THE 17TH AMENDMENT!

In 1913, the same year they gave control of our money to *a private company* (Federal Reserve) and created Federal Income Tax, the Democraps took control of the appointment of Senators away from the states with the 17th Amendment, making it a voted position just like the House of Representatives. The whole point of the Senate was that the states controlled it. By returning control to the states, WE THE PEOPLE regain control of Washington, it's corruption and absurd spending sprees!

I informed him I was an ex-officer myself. He replied, "I'm not usually in the habit of shooting officers. Only the ones trying to get me bloody killed for nothing!"

I asked him if he could use a job. His reply, "Sargent Harris reporting for duty, sir!"

See you on the bridge!

P.S. It will snow soon in New York. I wonder how many protesters at the Trump tower will make it?

P.S.P.S. As for these so-called stars who said they were leaving if Trump got elected. Get! And don't look back. There are plenty of little socialistic countries who would be more than happy to brown nose your little fascist asses!! So, Get! Get out! Be gone, already!!! We have computers now and sure as hell, don't need you anymore Baldwin! In fact, we don't need any greedy movie stars
