## GOVERNMENT ANTAGONIST AND HUGENOT

The Rebel is screaming out loud! "Oh, my god!" Incompetent, incompetent, incompetent, incompetent, incompetent! Our C.I.A. and our President put us even closer to the edge as our people in Iran and Lebanon are compromised and captured... and soon to be executed by these backwards goat herders for spying, because our incompetent legislators continue to act like the fools that they are!

What next? Are these morons going to pass the proverbial gun around to shoot themselves in the foot? If we, the American public, don't stop this imbecilic bunch of asses from throwing our country in the dumpster, we will soon have no country to worry about. We will all soon be refugees in our own land. That, my friends, I will not stand for! One idiot took shots with his "BB" gun at the white house, but did no damage. His heart was in the right place, as far as I am concerned. He just went about it the wrong way. Are we going to sit on our numb asses and let this continue, till there is nothing left? We need to go to D.C. and drag all of them out by their collars and kick them out! All of them! Hold new elections and send a message to the world! "Enough! Enough! Enough!" The asses in D.C. have got to go... and go now, before it is too late!

I am willing! How about you? This is happening all over the world. Why not here? People around the world, tired of corrupt governments everywhere are finally taking up the gauntlet and stopping these tyrants everywhere! Now is the time! Now is the time to save ourselves, or sink with the leaky boat that our government has put us adrift in! time to swim or drown,. And I didn't hear this from *our* news people (American media). I heard it from the British news people! Doesn't that tell you about our media... they are prepared to run with their, I mean our money and leave us to the dogs! The outrageous behavior of this traitorous government compounds on a daily basis! Our constitution is waded up and stomped on every chance they get. Mr. Obama-pie apologizes for righteousness and collaborates with our enemies... Well, I say, to these countries for whom our treasonous executive has given favor, "F" off. We are not sorry for kicking your commie, pagan asses. And, when this traitor is gone...

run! Because men like myself will see to the reinstatement of our quest of freedom and the demise of all tyrants and "dick-tators" everywhere. If you don't know what "F" off means, we will be more than glad to show you!

While we get poorer and prices go sky high, our politicians get criminally richer. I am no longer asking them to cease and desist. I am demanding it! To you traitorous representatives and senators...

you better take heed, because if you don't do your jobs and put the money back where it belongs, you will soon find out what it is like to be criminals, hunted and on the run. Remember the Rat of Tripoli—he is a very good example of what happens to despots! The nice thing about rope is that you can use it over and over! If it breaks, well, just trim it back and carry on! Rope is cheap and found almost anywhere! If you think I am radical, being pacifistic is to a coward as action is to the patriot!

Time to ride for I hear the winds of treason howling. I shall not seek shelter. Instead, I will stand the deck and steer straight in, full speed ahead!

See you on the bridge!

P.S. Mrs. Obama-pie seems to think there is no limit to her expense account. Where in the hell does she get the idea that she has the right to spend "Our" money, with no end of her spending in sight? Michellllllllle, I want my money back and I want it now. How do you intend to pay? Cash only, please, because your checks are no good and I'm not set up to take

plastic. Gee, I wish I could take a \$50,000,000 vacation on someone else's money... and you have had several! People starve while you steal! You ungrateful traitor!

"The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government."

*Patrick Henry*

"There is no good government but what is republican. That the only valuable part of the British constitution is so; for the true idea of a republic is "an empire of laws, and not of men." That, as a republic is the best of governments, so that particular arrangement of the powers of society, or in other words, that form of government which is best contrived to secure an impartial and exact execution of the law, is the best of republics."

*John Adams,*

*Thoughts on Government, 1776*
