## GOVERNMENT ANTAGONIST AND HUGENOT

Christmas is at hand. And, of course, our prissy politicians have their foot on the gas and Mr. Obama at the wheel, with a smile, as he drives the car off the cliff. But, of course, he is the only one not wearing a seat belt, because he intends to jump out at the last second, with all of us securely seat belted in and drugged, so we won't have a chance!

To all of you out there who think the world is only ten thousand years old, basically speaking—for your understanding—it is as if you walked too far and walked off the edge of the world! After all, it is flat, isn't it? I know you voted for that Kenyan! So, when we all are in the poor house, all living on the streets with arrest without trial and imprisonment. Might sound good! Why, you would have a bed out of the weather, three square meals a day, maybe! And all you have to do is to submit to the will of Allah and shut the hell up and get back to your slaving for the state!

I have a question. Not to be insulting, but aren't police officers sworn to uphold the law? And, are not those who claim to be citizens of the good ole U.S.A. subject to those laws? We watch these politicians commit criminal acts every day and no one has the nerve to do their jobs and arrest them all. They are all guilty. How about embezzlement of the G.D.N.P of our country for starters. Or, the total disregard for our constitution you police officers are sworn to protect, while committing outrageous acts of treason, "A?" How about racketeering? Did you swear allegiance to your flag or your politicians? You can't say we have to see it to do anything. Well, it's all over the news! What? Are you guys the last to know? Come on now. The public needs your protection. Our Washington officials are now running an illegal government. Don't believe me? Then, if you claim to be literate, read the constitution. They threw it in the garbage. Even Inhofe is just sitting there, every day, doing nothing to stop it. What does he have to lose? Isn't he one of those set apart from the rest of us? Threaten the guy and see if you don't

end up in an American Gulag. Run by traitors and Obama's lackeys!

Just wondering if they haven't already tried out their new little anti-sedition law. What is sedition? Look it up. It's what I am doing... speaking out against an illegal regime and the systematic destruction of that which made us strong and kept all the so-called world leaders from our borders.

**"If we wish to be free, if we mean to preserve inviolate those inestimable privileges for which we have been so long contending, if we mean not basely to abandon the noble struggle in which we have been so long engaged, and which we have pledged ourselves never to abandon until the glorious object of our contest shall be obtained — we must fight!"**  
Patrick Henry

Speaking of which, why don't we annex Mexico as the fifty first state? No one is doing anything to close the border anyway, so! Why not? We owned it twice in the nineteenth century. I had a relative who facilitated the taking of Mexico City—Robert E. Lee. The northerners, in all their wisdom, gave it back. go figure! "A!" But, don't forget, back then people had little or no education anyhow. Sound familiar? J.P. Getty only had a fifth grade education. But, then, his idea of labor negotiations was to get the governor to call out the state militia and kill fifty of the laborers.

Well, time again to ride. This old Reb is sharpening his sabre. Got a feeling I'm going to need it soon. Can see the glint of bayonets in the distance and they are not ours!

They belong to the usurper. Time to close the Gap!

See you on the bridge!

P.S. There are some brainless wonders out there that think secessionist should be deported. Well, I say to them, why don't you move to the commie country of your choice? Since I'm staying and you are not real Americans. Real Americans would not have let Obama bamboozle them and don't! A real American works for it. A real American is a patriot to their flag and constitution. A real American stands for Freedom. A real American kisses no ones fascist, Nazi or commie ass. They kiss ours!
