## GOVERNMENT ANTAGONIST AND HUGUENOT

If Hunter spends one day in jail, I'll be real surprised! There are people sitting in federal jails all over the U.S. Of A. for lesser charges. One law for "We the People" and no law for our elite traitors! If they were serious about impeaching Bite-me, our Congress should have done it two years ago. Now look at us, while Congress drags it's arse... we have a whole new population of invaders, who come here to do nothing but harm!

Not to mention, the year of elections is at hand. If I were you, I'd buckle up! It's going to get raunchy! We are in a fight for our country's very survival. Joe has us in wars in the Ukraine and Israel and spending our children's children into never never land!

They say Hunter owes \$1.4 million in taxes. I'll bet it's a hell of a lot more. I mean, how much cocaine and how many hookers and trafficked children have the American people already footed the bill for, for Hunter's extravaganzas and the parade of fools that follow him?

On other news, the House (damn them) gave an extension to the FISA court spying on Americans power grab that is so very unconstitutional. But no worries, they are going home until 2024 and that's going to give Hunter and good ole dad more time to get away with their crimes (which I, personally believe, they will never pay for!!).

Time for this old Reb to ride!

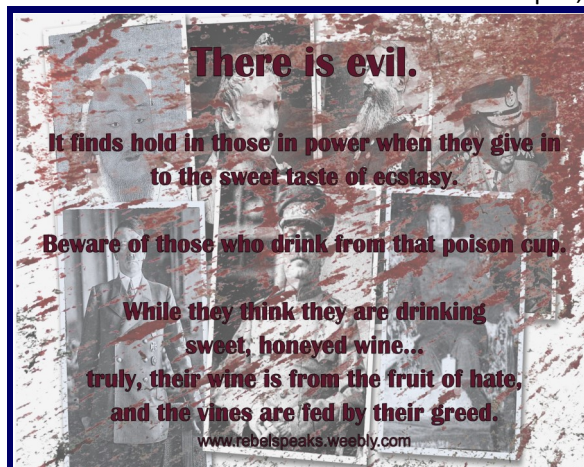

"Rhea said to stay out of the house and go skin our deer! She and the Corporal's wife and Helga have a baby to deliver and that we can all stay in the bunk house. Well, Mr. Holly, welcome to the ranch!"

"The Bar-T vaquero said there was a sighting of Billy Leonard on the pampas!"

"Mr. Holly, that is a sign that all is well!"

See you on the bridge!

P.S. Congress is fighting over giving money to Ukraine and Israel. The problem is that if we DO give them money, our government has to borrow it from China first. To top that off, our federal government is refusing to enforce our border laws, a power they clearly do not have. All that is like borrowing money on your credit card to give the dollars to your neighbor while your children go without food and clothing. Oh, and you're also letting anyone who desires it to just come into your house for anything they want, including your children's beds to sleep in, and giving it to them.

How stupid are these people in Congress anyway? Stupid, at this point, is not correct. I'd say it's more like being traitors. To the core. All of them. They do nothing to stop the madness, except talk. Oh, they might speak with anger, or they might "grill" someone—all that is just loud blah blah that results in nothing, and they know it!

P.S.P.S. Quoting Putin of Russia about what is happening to Trump: "As for the prosecution of Trump...

for us, what is happening in today's conditions, in my opinion, is good. Why? Because it shows the rottenness of the American political system, which cannot pretend to teach others about democracy. Everything that is happening with Trump is the persecution of a political rival for political reasons. That is what it is. And this is being done in front of the U.S. public and the whole world. They simply exposed their internal problems."

Spot on. Get ready for a real fight to save this country. 2024 will determine whether or not we have to truly fight to be free. Be prepared. We aren't the most armed population in the world for nothing.
