

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Mrs. Reb has snatched the Rebel Speaks!

Turncoats: A group or persons who desert one cause in order to join an opposing one.

In 2008 and 2009, during Obama-pie's reign Democraps were clearly against illegal immigrants, for border security, for employment verification systems. Nancy PP in 2008, said of illegal immigrants, "we certainly do not want any more coming in." She also said, "Do we have a commitment to secure the border? Yes."

According to Chuck-it Schumer, "We must create a system that converts the current flow of primarily low skill illegal immigrants into the United States into a more manageable and controlled flow of legal immigrants who can be absorbed into our economy." He also said, "Above all else, the American people want their government to be serious about protecting the public, enforcing the rule of law and creating a rational system of legal immigration." AND "Illegal immigration is wrong."

It goes on. In his 2013 State of the Union Address, Obama-pie said we should put illegal immigrants "to the back of the line, behind the folks trying to come her legally." And to show that their border security stance was a long standing one... during President Willy Billy "Slime-bag" Clinton's 1995 State of the Union Address, he said, "We are a nation of immigrants. But we are also a nation of laws. It is wrong and ultimately self-defeating for a nation of immigrants to permit the kind of abuse of our immigration laws we have seen in recent years, and we must stop it." But today, an illegal immigrant is an "undocumented immigrant" and if we say illegal, we are racist!

Today, local governments are deciding that they do not have to obey federal law by creating "sanctuary cities" - preventing federal detention and deportation of illegal immigrants, even if convicted of murder and other violent crimes. That results in increased homeless populations, increased rug and human trafficking and increased overall criminal activity—and these

cities actually prefer to release arrested, convicted criminals into their own community rather than turn them over to the federal enforcement officials, putting their own citizens at risk. And then there's the opioid crisis and the distribution that this criminal element gets into. So, increased drug overdoses is the result.

Democraps own this and it's a nightmare.

Time for Mrs. Reb to ride... taking the buggy (I hate side saddles!)

We offered Billy Leonard a warm spot next to the fireplace, but he said, "thank you," but he was used to his own bed and it was plenty comfortable and warm. In the morning there

was no trace of Billy, his wagon or mules. No one saw or heard him leave. His tracks disappeared just beyond the north gate to the ranch. Little Bob found a new pair of spurs hanging on his bed post. Big Bob a guitar leaning next to his bed... a new hat with my name on it on the table next to a small teapot and cup from England. "It looks like you were not forgotten, Mr. Harris!" he replied, "Aye, a bit of home, Captain!" There was a bright star on the cold northern horizon that faded with the prairie sunrise. Tis not ours to question. "Merry Christmas, Mr. Harris!"

"Merry Christmas, Captain! Tea time!"

See you on the bridge!

P.S. Fiscal burden of illegal aliens: \$45,870,474,332 in federal expenditures, \$88,992,981,032 in state and local expenditures. That's nearly \$135 TRILLION in *government* expenditures. That's *OUR* money as tax payers

P.S.P.S. Does what happens to your tax dollars matter? If you pay about 25% of your salary in overall taxes, then you are working for the government for THREE MONTHS of the year before you get a dime.

Do you want to let our Congress continue to blow OUR money like there's holes in OUR pockets?
