## GOVERNMENT ANTAGONIST AND HUGUENOT

Kendra Horn—traitor in paradise, representative from Oklahoma. She doesn't seem to understand that Trump was elected by the people, and that what she does in her ignorance is against our will!

Golly-gee, I wonder who paid that moron off, and what does she expect to gain? Personally, I think she needs to get the hell out of this red state and move to Nancy PP's state of California... see how she likes it there, "A?"

The debacle is coming to a head with their FUBAR, knowing full well that it is dead in the Senate. But, of course, they already knew that. They only did it to save face with their imbecile constituents, thinking of re-election. They have spent three years doing absolutely no work for those who elected them, but spending their constituent's money as if it were their own personal money tree.

As far as Kendra Horn is concerned, the term "bushwhacker" comes to mind! You know a "back shooter!" After all, Oklahoma was outlaw country at one time. Maybe it still is! Kendra, it's a good thing you didn't live in Ada around 1911. I think those people would have solved your problem for you. After all, Ada was the sight of one of the last lynchings in the west!

Time for this old Reb to ride!

"Patron! Patron!"

"Hey, vaquero, what is going on?"

"There is a large group of Rangers coming into camp."

"Show them to me, Mr. Harris!"

"Aye, Captain!"

"Who's your leader?"

A ranger replies, "That would be me, Dan Evans!"

"Glad to know you, Dan. They call me "Captain." This is Mr. Harris, Big Bob and Little Bob, Corporal and Mel Honner, owner of the Bar-T and his boys."

"Good to know you! We hear you're tracking Comancheros! We're tracking the same bunch. Our scouts tell us they are hold up in an old Spanish rancho over on the Pecos, about a 10 mile ride from here. I've got twenty men and would like to hook up with your outfit!"

"Well, Mr. Evans, I intend to kill them all. What say you?"

"I think, Captain, it's the beginning of a beautiful friendship."

"Then tell your men to take a rest, get something to eat and we'll hit them in the morning, 'A,' Mr. Harris?"

"Bloody good, Captain! Let's go and get your bonnie lass back! How many do you think are there, Cap?"

"Doesn't matter, I'm going to kill them all!!"

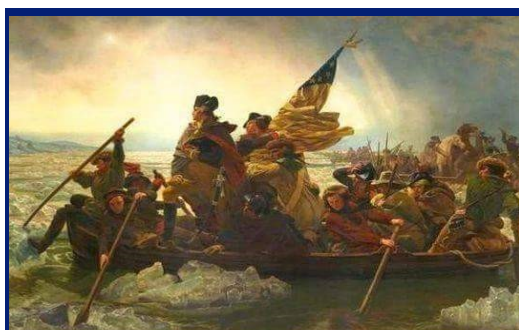

See you on the bridge!

Merry Christmas!

P.S. Even though the Democraps are not going to get what they want with

impeachment, they will continue on this course because it's the only option they have. They haven't got a chance in hell of winning against Trump in the election, so it's always going to be smoke and mirrors, trying to frame Trump for what Biden and his son have been doing all along. That's what criminals on the run do!!

P.S.P.S. Notice... we haven't heard from Bernie for a while! It won't be long before he calls it quits and keeps the money. What a con-man! Right up there with Little Bo-Peep and Jim Baker, Swaggart and the rest! Bloomberg already tripping over his own feet, hasn't got a snow ball's chance in hell. He is there for the money, as if he needed any more!

**Americans—willing to cross a frozen river to kill our enemies while they sleep. On Christmas. Not kidding. We've done it.**
