## GOVERNMENT ANTAGONIST AND HUGUENOT

Great ghost of Genghis Khan! My baby brother told me he is a Bite-me man! I must apologize that he has turned Trump hater and fascist! He took the jab twice and thinks that will save him. What shall I do? A real war of secession! Brother against brother! "A?" He is a typical don't-rock-the-boat, do as they say, not as they do democrap! He never wants to get involved, just like any democrap and when challenged, he suddenly hears his mommy calling and runs the other direction! When they do that, in their minds they won the debate!

In his version of tae-kwon-do you have won the fight when your opponent has been knocked down, therefore that person is not supposed to get up to respond... the fight is over. The correct philosophy is that when he hesitates, get up and kick his ever-loving arse! Never give in to arrogance and overconfidence, bad philosophy or bad technique. Why? Because you will lose badly every time!

Once I sparred with a black-belt half my 44 year old age (at the time). He was going to be in a tournament that weekend and wanted to warm up. I agreed, even though I was a lower rank. Not too long into the sparring, he set me up. A one, two, three and here it came... a spinning back kick. Thinking, I suddenly had a vision of Chuck Norris's third championship fight. He set up his opponent with the exact same maneuver... he committed. I went into a very low lefthand lunge.. His leg went over my head and my right fist came up into his groin. He went down! Thank you Chuck Norris! I still have my brains in my skull!! I will continue to get back up until my final moment on earth! I won't desert the Republic or which the flag stands, our Constitution, for our Bill of Rights! I will always get involved!!!

My brother and those like him are part of the problem. I try to help the solution. It's too bad that family goes down the wrong path and can't be turned back from certain disaster. Arrogance

and political ignorance is not patriotism! But then, his personal philosophy is "don't get involved!!

Time for this old Reb to ride!

"Rhea, you should have been there! The Corporal and I laughed all the way back home. Those bad boys running like rabbits with twenty Osage right behind! Merry Christmas!"

"Captain, there is good news! Billy Leonard was sited south of town. As usual, the tracks just disappear. How do you think he does it?"

"He is a mystery! Where ever he has been, nothing but good is left behind! Christmas, about time!"

See you on the bridge!

P.S. It's not over in Arizona! The governors race is still being fought over. All the same corrupt voting, all over again! The new usurper is tearing down all the progress made on the wall. But, to quote Kari Lake, the conservative opponent, who probably did actually win, said she will not back down.

In fact, she said, quoting, that they "messed with the wrong bitch!" Now that's a woman with hutzpah!

P.S.P.S. Wondering why the price of gasoline has dropped so low, when we all know for a fact that it's not because Biden let us drill again.

The real answer is China! China took a billion or more drivers off the road there with hard core lockdowns across the country. Their oil demand has tanked by over 2 million barrels a day. As a result, the E-85 gas that I buy for my car is \$1.99—just 20 cents more than it was in November 2020.

Because China decided that locking everyone up was the perfect solution for a disease with a 99% recovery rate. Oh, by the way, the World Health Organization and the New World Order fans think that China's handling of this fiasco is just dandy.

**It's easy to fool the people... you can, in fact, fool some people all the time. However, it is impossible to convince those people that they have been fooled.**
