

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

The rise and fall of modern America! We were a nation where the power resided with the people. Now we are no longer a nation, but the political wishing well for our powerful politicians, and a treasure chest for them to thrust their hands into, so they can give it to themselves!

I wonder how much they are taking from the cartels and Chinese to keep our borders open? Chinese in Mexico. Chinese in America. Chinese in Canada. All coopting politicians everywhere. What next, aliens from another galaxy, promising our politicians land and titles in other worlds?

And wouldn't you know it, the Ruskies have part of their fleet wandering through the Gulf, 90 miles or less away from our shores! We have no leadership of any competence whatsoever and here we are, back to the days of the missiles of October, only worse! This time we don't have them bringing missiles to Cuba, but a nuclear armed fleet just off our coast!

I don't think nuke shelters are going to do a lot for us if they get serious. Joe Bite-me is asleep at the wheel and the democraps pulling his puppet strings are only interested in covering their corruption by starting wars all over the globe.

So, with all this, shall We the People go out with a whimper,

or will we arm ourselves and do what needs to be done?

November is coming. We are going to have to ride that mustang, one way or the other!

Time for this old Reb to ride! See you on the bridge!

P.S. In the latest episode of insanity, Biden's Karine Jean-Pierre tells us that all of the videos of Biden standing frozen in

front of crowds and looking dazed and lost are nothing but made up videos. That's right, she is saying, "Are you going to believe what you see, or what I tell you?"

The question that begs is WHY? The evil in doing this is astounding.

The fact that so many democrap followers believe what she says is terrifying.

P.S.P.S. Dr. Ben Carson on Joe Bite-me: "You don't have to be a brain surgeon to see that this guy has some real significant problems...and yet they still push him forward recognizing the danger that it puts us in as a nation...Would you

even want this guy driving the school bus that your child was on? ANYBODY WHO WOULD PUT THE DANGER OF OUR NATION ON THE BACK BURNER & PUT THEIR POLITICAL FORTUNES ON THE FRONT BURNER IS NOT YOUR FRIEND. IT'S NOT SOMEBODY THAT YOU WANT TO GET BEHIND." Buckle up, patriots.
